

CALL OUT TROOPS IN TACNA DISPUTE

Lucas Resigns As Secretary of M. & M. Body

NAME RANKIN PRESIDENT OF ASSOCIATION

Tubbs, Elected Director Of Business Men's Organization, Will Not Accept

NO PLAN FOR FUTURE

Retiring Official, After Four Years' Work, Quits to 'Serve Best Interests'

ELECTION of Herbert P. Rankin, as president of the Merchants' and Manufacturers' association, resignation of P. S. Lucas, as secretary, and refusal of J. W. Tubbs to accept election to the board of directors, were features of a session this morning of the board of directors of the organization, held in the office of the association.

Rankin succeeds Albert Hill, who was re-elected to the board of directors at the annual meeting of the association, held Tuesday night at St. Ann's Inn. Tubbs was elected a member of the board at the same time.

The directors named Stanley Clem, sales manager of the Santa Ana Lumber company, as vice president, and E. R. Urbine, re-elected as director, was chosen to succeed Bruce Switzer as treasurer.

Resignation is Accepted. The board accepted the resignation of Lucas, tendered to be made effective at once. He was voted a leave of absence with pay until January 15. Lucas has held the position four years.

Orlyn O. Robertson, elected director at Tuesday night's meeting, will act as secretary of the organization, pending appointment of a full-time paid secretary.

With Tubbs, W. Verne Whitson completes the list of directors elected at the annual meeting. Refusal of Tubbs to accept the position will not incur upon the board to fill the vacancy.

Secretary Lucas stated today he has no plans for the future. His resignation, President Rankin declared, was precipitated by the events of Tuesday night's meeting, when an independent ticket for directors, pledged to a complete reorganization of the association, was elected with an overwhelming majority.

In a circular letter, addressed to the membership at large, Secretary Lucas, in explaining his reasons for resigning, calls attention to the fact that the ticket elected at Tuesday night's general meeting represents principally the building material dealers' group, having not less than two lumbermen as directors. On the other hand, he points out that there is only one merchant on the new board.

He further states: "I have consistently fought for the principle of a square deal and that irrespective of whether a member had a small or large business, whether he was a Jew or Gentile, whether he was Catholic or Protestant, he received the same courtesy, the same unstinted service, the same benefits and protection of the association, so far as it was in my power to give same to him."

"Lucas' letter of resignation, addressed to the directors of the association, was as follows: "In the last four years as secretary and manager of the Merchants' and Manufacturers' association, it has been my constant endeavor to faithfully and honestly serve the best interests of the whole membership."

"The present board, I feel, is not in harmony with your secrets and therefore co-operation, which is essential in our work, is impossible. "I therefore tender you my resignation as secretary of this association, hoping thereby to serve the best interests of the whole."

"I would appreciate it, if this resignation could be immediately accepted, or as soon thereafter as you can possibly arrange for my successor."

"Respectfully submitted, "P. S. LUCAS, "Secretary, Merchants' and Manufacturers' Association."

Mount Vesuvius In New Eruption

NAPLES, Jan. 7.—The new eruption of Mount Vesuvius is normal, according to Professor Malladra, of the Vesuvius laboratory. "This eruption," he said, "shows that the volcano is functioning perfectly, demonstrating that there will be no outbreaks at the side of the mountain."

P. S. LUCAS

Secretary of Santa Ana Merchants' and Manufacturers' association, who today tendered his resignation, which was accepted.

HIGH OFFICIALS ARE CALLED IN ALUMINUM QUIZ

WASHINGTON, Jan. 7.—Secretary of the Treasury Mellon is "not interested" in the congressional investigation of the Aluminum Company of America.

Mellon, it was said at the treasury department today, inquired of the aluminum company's officials whether there was anything to support charges that the company was violating the anti-trust laws and was informed there was nothing tangible of this nature.

The inquiry is proceeding, but Mellon believes "there is nothing to it."

(By United Press) WASHINGTON, Jan. 7.—Officials of the department of justice and federal trade commission were ordered today to appear before the senate judiciary committee tomorrow morning to tell why prosecution of the so-called "aluminum trust" controlled by Secretary of the Treasury Mellon, has been held up for more than a year.

The committee decided on this course after an hour's heated session behind closed doors, in which Republicans voted down the plan of Senator Thomas J. Walsh, Democrat, Montana, to call the witnesses this afternoon.

The witnesses summoned include: Attorney General John G. Sargent, Assistant Attorney General William J. Donovan, Vernon W. Van Fleet, chairman of the federal trade commission; Otis B. Johnson, secretary of the federal trade commission; and Millard F. Huson, chief examiner of the federal commission.

The committee agreed with Walsh that the investigation was of such importance that it should be conducted by the full judiciary committee, instead of by a sub-committee, as is usual in such cases.

Lysol May Ruin Evelyn's Voice

CHICAGO, Jan. 7.—Condition of Evelyn Nesbit, who attempted to end her life Tuesday, by taking poison, was so improved today that her physicians promised her release from the hospital within a week.

The divorced wife of Harry K. Thaw was cheered by this news, but was concerned about her voice, which is in grave danger as a result of Lysol burns in her throat.

Her chief source of income, outside of the money paid her by Thaw, has been singing in cabarets and her voice may be ruined, her doctors told her.

QUAKE CAUSES PANIC

CATANZARO, Italy, Jan. 7.—A strong earthquake shock at Gerace marina today created a panic among the public, but resulted in no damage.

DUDE BANDITS GET \$3000 IN HOLDUP AT ROADHOUSE

(By United Press) LOS ANGELES, Jan. 7.—The Zulu Hut, fashionable Hollywood roadhouse, said to be owned by Raymond McKee, film actor, was held up by two dapper bandits early today.

The proprietor and eight patrons were relieved of cash totalling \$3000.

The robbers had white silk handkerchiefs over their faces, and brandished fancy pearl-

MANY BILKED BY FRONK IN SMALL DEALS

Defrauder of Banks Also Extends Operations to Butcher, Grocer, Jeweler

SEEMS GOOD FELLOW

Extended Liberal Credit, Los Angeles Ponzi Owes Merchants on Accounts

(By United Press) LOS ANGELES, Jan. 7.—A trail of victims of the alleged high finance operations of J. K. Fronk, missing "Wallingford," told woeful tales to investigating authorities here today.

Fronk's butcher, grocer, jeweler, in fact all of his former business associates, claim he owes them considerable money. "He seemed to be such a good fellow," they related.

The local "Ponzi," besides fleeing with \$200,000 in cash of approximately \$388,000 taken from eight Los Angeles banks in a check kiting scheme, defrauded his friends and business associates of at least \$100,000, officers charged today. He owes one jeweler alone \$16,000 on recent purchases, it was charged.

A druggist in Fronk's neighborhood reported to authorities that he emptied his till late last Friday night to cash a check of \$150 for Fronk. It proved valueless, the druggist said. Other small merchants extended considerable credit to Fronk, and lost thousands of dollars in consequence.

Local authorities believe Fronk is headed for Canada, and that his arrest is imminent.

BELIEVED DRIVING AUTO TO CANADA

PORTLAND, Ore., Jan. 7.—J. K. Fronk, sought by Los Angeles authorities for an alleged swindle involving \$388,000, was enroute to Canada today, police here believe.

They revealed that a woman, whose identity was withheld, informed them that Fronk, driving an automobile, appeared here and departed after remaining a day or two. The woman said she knew Fronk well, having been a former schoolmate of the fugitive.

The woman said Fronk was driving a coach bearing the California license F-99961.

NEED FOR SAVING WATER STRESSED

SAN FRANCISCO, Jan. 7.—Warning of the necessity for water conservation in California because of general lack of rainfall and snow in the Sierras was issued here today by the U. S. weather bureau.

Not since 1907, said the bureau, has there been so little snow in the mountains and there is faint hope for extensive relief, since warmer days following January do not allow the snow to pack so that it remains as a feeder to mountain streams.

The bureau said the water crisis appeared because of the deficiency in December rainfall and snowfall. Prior to that month, there was practically normal precipitation.

Picture Sent By Radio Success

HONOLULU, Jan. 7.—An excellent likeness of Governor Fanning, of the Hawaiian islands, was published here today, following its successful transmission by radio from New York by the Radio Corporation of America.

The Farrington picture and other pictures and script were sent here in a test early yesterday, by means of an automatic relay at San Francisco.

The test, which was markedly successful, followed a less successful experiment some months ago of transmission from Honolulu to New York.

Ice Skaters Clad In Bathing Suits

SPRINGFIELD, Mass., Jan. 7.—Semi-Miami weather has created a new fad here. Persons are enjoying skating, clad only in bathing suits. The weather is mild, but has been warm long enough to melt skating.

Landslide of 60 Acres Perils Town

GENEVA, Jan. 7.—Part of the village of Schimberg is facing destruction by a 60-acre landslide inexorably approaching it. The slide, estimated to weigh one million tons, has caused inhabitants to demolish and carry their houses from the doomed section, while farmers in the region between the landslide and the village are cutting down their orchards so they can at least save some firewood from the coming havoc.

WOMAN FREED OF CHARGE IN ACID THROWING

(By United Press) SAN FRANCISCO, Jan. 7.—Mrs. Mabel Mayer, wife of a Los Angeles motion picture man, was freed of charges of acid throwing here today when her victim, Miss Elsa Granger, 22, refused to prosecute.

The women "kissed and made up" in the courtroom. Miss Granger, starring in the "Pepper Box Revue," produced by Lee Mayer, Mrs. Mayer's husband, showed only slight effects of the acid.

The acid throwing occurred last night in the women's dressing room of a local hotel when Mrs. Mayer accused Miss Granger of "stealing" her husband.

Mrs. Mayer surrendered to Detective Sergeant William Armstrong, a family friend, whom she called to her home at an early hour today, and was booked at the city prison on a charge of attempt to commit bodily harm.

According to the story told police, Miss Granger was accosted by the woman in a hotel lobby soon after she arrived here. The actress said she and the woman went to a woman's dressing room, where the acid was thrown and the attacker's identity revealed.

FORMER ENVOY TO MADRID RETURNS

NEW YORK, Jan. 7.—Alexander Moore, retired ambassador of the United States to Spain, returned here today aboard the Berengaria, painting a picture of Spain as having made "unique" progress in the last three years.

"She is one of Europe's powers today," he said, "and her relations with the United States are more cordial and fruitful than ever before. The only ripple that is possible in Spanish relations is due to the embargo placed by the U. S. horticultural board on grapes and oranges from Spain."

"I quite agree with President Coolidge in his stand against too much power being given to certain boards in our country. He has stated to congress that some of these boards, which have arbitrary power, should be eliminated. I think he should add the horticultural board to the ones to be eliminated."

Call Firestone In Rubber Probe

WASHINGTON, Jan. 7.—American rubber manufacturers went before the house interstate and foreign commerce committee today to present their grievances against the British rubber combine.

The committee decided to speed up its inquiry into the foreign monopolies of raw materials by holding daily morning and afternoon sessions.

Harvey Firestone, Akron, O., manufacturer, was called as the first witness.

Slight Quake Is Felt In Bay City

SAN FRANCISCO, Jan. 7.—A slight earthquake was felt here last night at 10 o'clock, according to reports here today, which showed no damage had been done. The tremor was not intense, although of several seconds' duration. It was not of sufficient severity to awaken sleepers.

3 PRISONERS CAPTURED IN PILE OF ROCK

Folsom Convicts, Hungry And Suffering from Exposure, Glad to Give Up

PUT ON BREAD, WATER

Sulphur Fumes Employed To Effect Their Surrender Cause of Discomfort

(By United Press) FOLSOM PRISON, Jan. 7.—Benjamin Davis, Kenneth Carlson and Frank Perry, Folsom convicts, missing since Tuesday afternoon, were recaptured shortly after 8 a. m., today. The men were found hiding in a rock pile in the prison quarry.

Guards to whom they surrendered said the prisoners were hungry and suffering from exposure. They were glad of the opportunity to give themselves up, according to their captors.

Prison authorities have centered their search on the rock pile since the men disappeared. Streams of water were kept playing on the immense slabs under which the three were thought to have crawled during a fog Tuesday afternoon. During the night, a gas attack was used in an effort to drive out the prisoners.

Life Term for Murder

Davis was serving a life term for murder. He was committed in 1916 from Ventura. Carlson was committed from Santa Clara county. He is serving one to 15 years for burglary. Perry was sentenced in Los Angeles for burglary. He was received at the prison Aug. 27, 1925, for a term of five years to life.

"We couldn't stick it out any longer," Carlson told guards as the three came out of the rocks. "We didn't figure it was any use."

The men were thirsty, cold and hungry. They were without water during the entire time they were concealed, the streams which were kept playing on the stone heap by members of the guard failing to reach the inner recesses.

A few oranges, taken from the prison mess, and several slices of bread were the only supplies the prisoners carried with them into hiding. None of the convicts were armed.

Sulphur fumes thrown into the rock pile on order of prison officials caused, the trio considerable discomfort, they said.

All three prisoners will be placed in solitary confinement and put on a bread and water diet, it was said at the office of Warden J. J. Smith.

Barking of Dog Saves 20 Lives

MILES CITY, Mont., Jan. 1.—A collie dog barked and woke his master and other occupants of adjoining hotels at Melstone, Mont., when a fire broke out during the night.

Because of the dog's watchfulness in sounding the alarm, 20 persons were able to escape. Several had to flee in their night clothes.

Then, unnoticed by those whose lives he had saved, the dog again re-entered one of the buildings and was burned to death.

Cardinal Gains Strength Slowly

BRUSSELS, Jan. 7.—Physicians attending Cardinal Mercier declared today that the aged churchman is in no immediate danger of death and that he is recovering slowly from the effects of his recent operation. However, they regarded his cancer condition as incurable. It is expected he will live a few months.

MOTHER AND SISTER PAY LAST VISIT TO LAWRENCE

(By United Press) FLORENCE, Ariz., Jan. 7.—Bill Lawrence, Oklahoma desperado, must hang here tomorrow for the murder of Haze Burch, Phoenix constable.

Final preparations for the execution were made today, following word from Phoenix that the state board of pardons had refused to commute the death sentence.

The condemned man's mother and his 16-year-old sister, arrived here today for a final visit in the death cell. They made

CHAMBER DANCE PROGRAM DRAWS IRE OF CHURCHMEN

Emphatic protest against a program, featuring dancing girls that was arranged for the annual meeting of the Greater Santa Ana Chamber of Commerce last Monday night, was voiced today by the official board of the First Methodist Episcopal church, in the form of a resolution, adopted at a meeting of the church trustees.

The churchmen designated the presence of the dancing girls in "abbreviated costumes" as "compromising the moral standards of business men" who belong to the Greater Santa Ana Chamber of Commerce.

Characterizing the dancing program and the publicity it received as "particularly inimical to the best interests of the youth of this city," the resolution declared further that such form of entertainment was not in keeping with the "high and high business character" of a chamber of commerce.

"We protest against the discredit which, on account of such performances, attaches to the fair name of this city," said the church officials in their resolution.

The church board sounded the protest as the representatives of 1200 members of the church. Copies of the resolution were forwarded to the chamber of commerce and the Santa Ana Register, with the request that it be accorded as much publicity as the dancing girls received.

Monday's program, which drew the disapproval of the church officials, featured the appearance of Miss Sally Rand, Cecil DeMille star, from Holly-

wood, and the "Seven Sunkist Beauties," from the West Coast Walker theater.

Following is the resolution adopted by the church board: "Whereas, the chamber of commerce of Santa Ana advertised a certain kind of entertainment for its annual meeting, held Jan. 4, 1926, consisting of dancing by fancy dancing stage girls in abbreviated costumes, and,

Whereas, such form of entertainment is not in keeping with the serious and high business character of a chamber of commerce, and which is particularly inimical to the best interests of the youth of this city.

"Now therefore, be it resolved by the official board of the First Methodist Episcopal church, of Santa Ana, comprising a membership of about 1200 persons, that we emphatically protest against such exhibitions and performances as compromising the moral standards of business men who belong to the Santa Ana Chamber of Commerce, and that we protest against the discredit which, on account of such performances, attaches to the fair name of this city."

"Be it further resolved that a copy of this resolution be sent to the chamber of commerce of Santa Ana, and to the Santa Ana Daily Register, with the request that this protest be given as much publicity as has been given to said questionable performance."

"Official Board of the First Methodist Episcopal Church, "By J. Albright, "Secretary."

KEYES INSISTS A-1 WALNUTS ON INDICTMENT TO BE BRANDED IN STAND CRASH

(By United Press) LOS ANGELES, Jan. 7.—District Attorney A. Keyes appeared before the Los Angeles county grand jury today and demanded an indictment in connection with the Pasadena grandstand collapse New Year's day.

The prosecutor told the jurors that criminal negligence was responsible for the accident, which cost two lives and injured more than 100 persons. He asked for indictments charging manslaughter.

Before taking any action, the jury quizzed more witnesses, including Paul F. Mahoney, builder of the stand; Arthur C. Shaver, Pasadena building inspector; C. B. Bumill, inspector who passed on the safety of the stand, and Miss Doris Strawn, deputy in the inspection department.

This is one of the most "far-reaching policy changes ever undertaken in the California walnut industry," according to Carlisle Thorpe, general manager.

Beginning with the 1926 crop, the "Diamond Brand" of the association will be printed on the outer shell of each walnut of first quality. This, according to the directors, will enable the consumer to positively identify the product of association growers.

New Grading Standards. The association directors also adopted more rigid grading standards. A restriction is to be placed on the percentage of nuts carrying amber colored kernels, and a more rigid restriction will be maintained on defective or partially defective nuts, to assure a uniformly satisfactory quality of pack for the "Diamond Brand" walnuts.

Commenting on the action of the directors, Thorpe issued the following statement late today: "A crisis has been reached in the California walnut industry, due to the fact that the crop is so rapidly increasing each year, both here in California and in the walnut producing sections of Europe. The dealers in European walnuts have placed such rigid quality restrictions upon the importations that the quality of the foreign goods has in the past few years been markedly improved, which, from a quality standpoint, makes their pack more competitive with the California article than was the case even a few years ago."

Competition From Europe. "The European growers are able to deliver walnuts in the United States, duty paid, at approximately half the prevailing price of California walnuts. Thus it is necessary to compete on a price basis or for the Californian to maintain a uniform standard of pack sufficiently high to meet the requirements of the consumer public."

"The unanimous decision of our directors to fight the foreigner on a quality competition basis will doubtless result in millions of dollars added net returns to the California producer."

"The walnut association directors also have provided for a pack of second-grade goods, which it is believed will find a ready market at prices slightly below those obtained for first quality 'Diamond Brand' pack. Through today's action, I think the crisis in this industry has been wisely averted."

The killing of Haze Burch occurred during robbery of an oil station.

SOLDIERS ON GUARD AFTER STREET FIGHT

Boundary Strife Between South American Nations Results in Arms Clash

Bitterness Rules Among Chileans and Peruvians Over Disputed Territory

(By United Press) A RICA, Chile, Jan. 7.—Troops were on patrol during the night in the city of Tacna, following a new outbreak of passions stirred by the tension of the Tacna-Arica plebiscite situation.

Street fighting occurred in Tacna before the guards were posted and five Peruvians required hospital treatment, one of whom had revolver and knife wounds. The trouble occurred when 36 Peruvian electoral workers arrived at the Tacna station.

Chileans shouted patriotic cries, to which the Peruvians responded. General fighting followed and the police intervened.

HIGH WATERS IN EUROPE REcede

LONDON, Jan. 7.—At the end of a week marked with snow, rain, thunder, gales, floods, landslides and a new eruption of Mount Vesuvius, high water in Belgium and the Rhineland was receding today, disclosing considerable damage, especially in Belgium.

While improved conditions were noted in Germany and Belgium, floods were reported from France and England.

England has already passed the January average of rainfall and the usually narrow Thames is swollen to a width of miles at some points, causing abandonment of bus lines, forcing workers in some cases to row to their stations, while here and there a riverside bungalow is seen floating down stream.

Sun spots some think, may have caused the unusual weather.

URGE U. S. ACT IN HARD COAL STRIKE

NEW YORK, Jan. 7.—Representatives of the miners will continue to urge federal regulation as the means of settling the anthracite coal strike, their spokesmen indicated before today's joint conference by the mine owners of the plan which first advanced yesterday.

The spokesman expressed himself as still hopeful that the plan would be adopted.

At the mine owners' headquarters, all comment on the situation today was refused.

Low Heels Prompt Suicide Attempt

BERKELEY, Calif., Jan. 7.—Low heels on her school shoes were worse than death in the mind of Marian Bailey, Berkeley high school senior, so she swallowed poison in the bath room of her home here today.

The girl, daughter of Mr. and Mrs. Louis H. Bailey, had asked permission of her parents to change schools because her gymnasium instructor insisted on her wearing low heels. Such shoes hurt her feet, she claimed. The parents refused her request.

Bailey saved his daughter's life by knocking the bottle of poison from her hand and promptly administering an antidote.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant relief from one of two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 50c.—Adv.

COURT ACTION ECHOES FAMOUS DEED FORGERY

Echoes of the famous Fairview deed forgery, which landed Samuel Hansen in state's prison, branded as one of the most daring crooks in the county's crime history, were heard today in Superior Judge R. Y. Williams' court, where two of Hansen's victims, John Otto and J. H. McDuffie, were embroiled in a damage suit growing out of the forgery and its results.

Otto is demanding \$31,054.90 from McDuffie because he had procured an 11-acre ranch at Fairview from McDuffie, who had procured it from Hansen, and had made numerous improvements on the property when it was discovered that his deed was a forgery, causing him to lose the ranch.

Some time after McDuffie purchased the ranch from Hansen and was given a deed to it, he exchanged the property to Otto for property at Delhi, valued at \$3500. Otto moved to the Fairview ranch, built himself a six-room house for \$3862, installed a pumping plant and made other improvements, including the planting of 333 fruit trees, at a cost of nearly \$1000. That was in 1920.

Two years later, John Kinmonth, of Joplin, Mo., appeared on the scene. He claimed, and subsequently proved the claim, that he had owned the ranch for 30 years, although he had never seen it, and had come west to investigate a cessation of his tax bills. Hansen's forgery of the deed had placed him on record as the owner so the tax bills went to him and his successors.

Kinmonth's arrival resulted in criminal prosecution of Hansen, who was located and arrested after a long search. Hansen was convicted and sent to San Quentin.

Kinmonth proceeded to reestablish his title to the ranch, which was accomplished by a court action. Otto was dispossessed and lost the ranch and its improvements, excepting the house and garage which he moved to Costa Mesa.

He sought recourse from McDuffie, his immediate predecessor, in the suit that was being heard today. Besides the damage represented in the purchase price and the improvements he made on the property, Otto demands \$28,500 as the increase in value of the land during

Defendants In Whiskey Charge Are Acquitted

E. Arnold and Mary Poehner, who were arrested at Sunset Beach on a charge of having liquor in their possession, were acquitted by a jury at their trial yesterday in Justice K. E. Morrison's court.

Testimony at the trial showed that the liquor was found in the defendants' car, but not upon their property. The prosecution was unable to link the defendants to its possession.

R. A. McKinley, blind attorney of Long Beach, conducted the defense. Deputy District Attorney D. G. Wetlin appeared for the state.

REFUSE DAMAGES TO CRASH VICTIM

A jury in Superior Judge R. Y. Williams' court last yesterday refused to award damages to Edward Gaebbe, 14, of Santa Ana, who was injured while a guest of the Justis Birtcher family, when the Birtcher automobile went over an embankment on the Big Bear grade last July 7.

The boy, represented by his father, E. F. Gaebbe, sued Birtcher for \$10,231 damages, based upon injuries including a broken leg and numerous lacerations.

At the trial yesterday, it was shown that the Birtchers had made the trip from Seven Oaks to Santa Ana at that time as a special favor to the boy, to take him home. The accident occurred when a car ahead of them turned a sharp corner, raising a cloud of dust that blinded Fayette Birtcher, who was driving the Birtcher car. The latter machine did not make the corner safely.

At the conclusion of the trial, the court instructed the jury that unless negligence on the part of the driver was shown, no damages could be awarded. The jury decided that the accident was not due to negligence.

Attorneys S. B. Kaufman and W. F. Menton represented Gaebbe in the case. Attorneys Scarborough, Forgy and Reinhaus appearing for Birtcher.

RAYMER PREDICTS GREAT EXPANSION

Outlining briefly to the board of directors today, some of his plans of activity when he takes up his duties here as secretary of the Greater Santa Ana Chamber of Commerce, George Raymer declared that Santa Ana has every advantage to offer industrials and predicted that three years hence the industrial expansion here would be such as to astonish even the most optimistic of the present boosters for manufacturing plants.

The secretary also discussed with the directors equipment needed for the local office, the principal items being publications containing information on manufacturing enterprises of the nation.

L. L. Archibald, secretary of the parks and playgrounds committee of the chamber, presented an outline of organization to be perfected for promoting the interests of parks and playgrounds, when bonds are submitted at an election to be held in March or April.

his ownership, due to the development of oil.

Former Judge W. H. Thomas represents Otto in the case. Scarborough, Forgy and Reinhaus, of Santa Ana, are counsel for McDuffie.

BERLIN BRIDE ASKS FATHER GIVE BLESSING

NEW YORK, Jan. 7.—Ellin Mackay, who started her family and society Monday by her sudden marriage to Irving Berlin, Jewish song writer, was back in New York today to carry to her family, to society, to her church and to her close circle of friends her battle for reinstatement in their good graces.

Admiring the "worst honeymoon a bride ever had," in one breath, in another she flashed the fighting spirit of her family and made clear the plan of a campaign in which she herself would lead the attack.

She planned to seek a meeting with her father in an effort to win from him the blessing on her marriage he has so sternly withheld and reinstate herself in the graces of her family.

She will seek a wedding in the Roman Catholic church and return herself to the favor of the religion in which she was reared.

And tomorrow night, she will ask about 60 of her close friends to dine with her at Atlantic City and extend to Berlin the hand of greeting and approval as the husband of their friend.

Chief interest thus far centers on the degree of success she will meet in her efforts to win her father's approval to the marriage. Last word from the telegraph and cable magazine was that "Mr. Mackay's attitude is not changed." Rumors went around that already he had disinherited his daughter, but these were hardly believed.

Ellin already has started to lay her siege. She has written her stern parent, although she would not reveal what she told him.

To Abandon European Trip.

The couple came to New York last night and spent the night at Berlin's apartment. The plan to return to Atlantic City tomorrow morning, Mrs. Berlin has indicated that plans for a wedding trip to Europe will be abandoned entirely. Yesterday she said she did not believe they would leave Saturday on the Leviathan as scheduled. The reservations, however, are still available if the Berlins want them.

While an army of newspapermen waited outside, the Berlins remained in the song writer's apartment throughout the morning.

Whether Mrs. Berlin has attempted to reach her adamant father by telephone since her return to New York, could not be learned. Notes passed under the door of the apartment by newspapermen begging an interview were not answered or even recognized.

Employees in the Berlin offices said they had not heard from their famous boss, and Bennie Bloom, who sees that Berlin's name is kept before the public, for the first time in months reported sadly that "he had nothing to say."

SOCIETY ATTENDS VANDERBILT MARRIAGE.

NEW YORK, Jan. 7.—Still stunned by the sudden marriage of Miss Ellin Mackay, \$40,000,000 heiress and daughter of Clarence Mackay, telegraph and cable magnate, to Irving Berlin, song writer, leaders of New York's exclusive 400 prepared to attend the wedding of Miss Consuelo Vanderbilt to Earl E. T. Smith today.

The ceremonies, it was said, will be simple, but accompanied by that pomp and splendor befitting Miss Vanderbilt's position as the recognized leader of the younger society.

The wedding will take place in the Vanderbilt mansion on Fifth avenue, which the father of the bride has given her as a wedding present.

In sharp contrast was the marriage of Miss Mackay to Berlin at the city hall here.

Fortunes in Gifts.

Yesterday, Miss Vanderbilt held a reception at her home, when she displayed 300 wedding gifts, valued at hundreds of thousands of dollars. The only jewelry Miss Mackay received was a \$650 wedding ring purchased hastily by Berlin.

Miss Vanderbilt is the granddaughter of the late James G. Fair of California, a rough and ready adventurer, who heard the call of the west early in life and wrested gold from opportunity.

The new Mrs. Berlin is a granddaughter of John W. Mackay, a miner, who laid the foundation for the Mackay millions, a part of which Ellin now has because of her marriage. He once was an associate of Fair.

Differ In Religious Views.

A difference in religious views figures prominently in both betrothals. Miss Mackay, a Catholic, "lung religious barriers aside when she became the wife of Berlin, the son of a Jewish rabbi. Miss Vanderbilt, also a Catholic, obtained special dispensation from Cardinal Hayes to wed Smith, a Protestant.

While only a few friends have been invited to attend the Vanderbilt nuptials today, a reception will be held following the ceremonies that will find most of society's recognized members present to greet the newlyweds.

The parents of the bride, who have lived apart for years, meeting recently at the marriage of another daughter, Mrs. Frederick Church, will meet again today, the father giving the bride in marriage.

The Rev. Thomas F. Murray, pastor of the Church of Resurrection, who 25 years ago married the bride's parents, will officiate at the ceremonies.

Divorced Man to Change His Name

FORT WORTH, Tex., Jan. 7.—George Enoch Herndon, 65, had his name changed to George Enoch when his wife divorced him and retained the name of Mrs. Anna Herndon.

The couple had been married 29 years and have one married daughter.

Mrs. Herndon charged cruel treatment.

A Wilmington (N. C.) father claims his boy walked and ate heavy foods at the age of two months.

Mr. and Mrs. George Briggs, 440 North Broadway, motored to Santa Monica Monday, returning Tuesday, accompanied by their daughter-in-law, Mrs. Coyle Briggs and baby son, George Coyle Jr.

Mrs. O. H. Barr and daughter, Miss Frances Barr, 1908 North Main street, will leave Monday for Oakland, where Miss Frances will re-enter Mills college, having been home for the last two months because of illness.

Miss Anne Tarver, daughter of Attorney and Mrs. Ben Tarver, 1908 North Main street, will leave tomorrow afternoon on the steamer Yale to return to Mills college, after spending the vacation period here.

J. W. Markel, well known contractor, and his two children, who have been ill in their home on North Broadway, are reported today as slightly improved.

Mrs. George C. Roy, 1525 North Main street, is visiting in Pomona with her daughter, Mrs. Clarence Hield (Margaret Roy) and her three children, Mary Elizabeth and two sons, Richard and Robert.

Mr. and Mrs. H. P. Platt have moved from 323 East Pine street to 311 North Main street.

Mr. and Mrs. J. J. O'Connor, of Portland, Ore., are here upon a visit to relatives for a month or more. Mrs. O'Connor is a daughter of Mr. and Mrs. William Kelly of East Newport, and sister of D. N. Kelly and W. J. Kelly of Santa Ana.

Mr. and Mrs. E. H. Boden of 223 East Bishop street, are entertaining Mr. Boden's brother and family. Mr. and Mrs. John Boden and baby daughter, Elsie, who arrived yesterday from their home in Chicago. Mr. Boden is a lawyer and is connected with the legal department of the Chicago Trust and Title company. They expect to be in Santa Ana for an extended visit and it is possible they may decide to locate in California.

Robert Haven of the Haven Seed company, has left for New York and other points on the Atlantic coast where he will spend several weeks.

There are, despite the strides made by bacteriology, many mysteries in the microbe underworld to which no clue has yet been found. It is not known, for instance, why a mixed vaccine, prepared for a sufferer from "colds" in one part of the country, protects him while resident in that section but fails him immediately he travels to another locality. Nor is it known why certain children attract the microbes of every infectious disease as surely as a magnet attracts iron filings, while others remain absolutely immune amid the same surroundings.

STOMACH "QUEER" GAS, INDIGESTION

Chew a few Pleasant Tablets Instant Stomach Relief!

Pape's DIAPERSIN FOR INDIGESTION

If you feel full, sick or uncomfortable after eating, here is harmless stomach relief. "Pape's Diapersin" settles the stomach and corrects digestion the moment it reaches the stomach.

This guaranteed stomach corrective costs but a few cents at any drug store. Keep it handy!

M'FADDEN MAY BE NAMED TO SCHOOL BOARD

Edwin T. McFadden, general manager of the McFadden Hardware company, will be elected to succeed the late Frank L. Andrews as a member of the city board of education, it was predicted today by persons familiar with the fact that the board was to meet at 4 p. m., in special session, to fill the vacancy created by the death of Andrews.

McFadden is a graduate of the

Santa Ana high school and of Pomona college. He is ex-commander of Santa Ana post, No. 131, American Legion, and is a member of the Orange county harbor commission.

The prospective appointee is prominently identified with civic activities and friends today declared that he would make an excellent member of the board. It was pointed out that his lifelong residence here has acquainted him with every local condition, and that his business training particularly fits him for efficient service on the board.

On account of the intense cold in the Yukon, a Canadian company plans to erect an underground mill for dressing ore from its gold mine.

Midland street grammar school, Worcester, Mass., boasts nine sets of twins.

Birth Notices

FRIEND—To Mr. and Mrs. L. L. Friend, at the residence, 1610 South Parton street, Wednesday, January 6, 1926, a daughter, Marcia Ann.

Death Notices

A WORD OF COMFORT
A greater part of a Christian's task than is ordinarily recognized is that of forgetting. It behooves us to forget the unpleasant qualities in the lives of our friends who have "gone on ahead" and to lay emphasis upon their commendable attributes. Perhaps we are fairer than we know, when we do this.
Begin the process with others, who still walk beside you. Help to create an epidemic of kindness and your own life will develop an unsuspected capacity for happiness which will be gratified.

SAKIER—At 539 North Birch street, January 7, 1926, Otto Saker. Notice of funeral will be given later by Smith & Tutthill.

SCHUTT—At Capistrano, January 5, 1926, Carl H. W. Schutt, aged 73 years. Funeral services will be held Friday, January 8, at 2 p. m. from Smith & Tutthill's chapel. Services under the auspices of Santa Ana Lodge No. 241 F. & A. M.

GARNER—At Newport Beach, January 5, 1926, J. M. Garner, aged 40 years. Funeral services were held today at 2 p. m. at Smith & Tutthill's chapel. Rev. L. S. Rhodes officiating. Interment was made in Fairhaven cemetery.

LOGGIE—January 5, 1926, J. Roy Loggie, aged 24 years. Smith & Tutthill are forwarding the body to Toronto, Canada, where the funeral will be held.

BRADLEY—At Ramona, Calif., January 5, 1926, Mrs. Jennie R. Bradley, aged 88 years. Funeral services will be held from Winbiggers Mission Funeral home Friday afternoon, 2 o'clock. Rev. P. F. Schrock officiating. Interment in Santa Ana cemetery.
She leaves two sons, Frank Skelley of Ramona, Calif. and Ed M. Bradley of this city.

Stated meeting of Santa Ana Chapter No. 73, R. A. M., Thursday, Jan. 7th, 7:30 p. m.
W. L. KAUFMANN, King.

The WELL-DRESSED MAN

By BEAUNASH

Correct Clothes To Meet The Obligation Of Every Occasion

things we wear. Thus, correct dress takes precedence over style, which is only the tail of the kite.

The patch-pocket suit, as sketched here, was originally introduced for the field and the country. It has an easy-going, leisurely, nonchalant air about it which particularly adapts it to sports; to wide stretches and open spaces. It is not, never was and never will be a suit for the townster. Yet, patch pockets are often seen upon business and lounge suits for which they were never intended and which they ill befit.

The same thing is true of turn-ups upon trousers. They are meant for country clothes, especially these fabrics of light weight, such as flannels and homespun, which hang better, because of the added weight at the bottom that turn-ups give. Nevertheless, we have adopted turned-up trousers for town wear, that is, some men have. The best-dressed set, however, confines turn-ups to country wear to which they belong, wearing the plain-bottom effect with business and lounge suits.

It might seem that such considerations are hair-splitting, but it is just these things which differentiate the man who knows best from the man who ought to know better. Learn to distinguish strictly between town clothes and country clothes. Do not wear each in the place of the other. Have separate suits for the purpose. It is not creditable to look, in the city, as though one dressed for the country more than it would be proper to wear a cutaway suit and high hat upon the golf course.

The Cheerful Cherub

Oh, the raisins they put in rice pudding are few,
And few are the oysters they put in the stew—
But you'll have to admit that in contrast to these
They always put plenty of holes in the cheese.

Fraternal Calendar

Veteran Rebekahs—Meeting scheduled for Friday, January 1, has been postponed until Friday, January 8, at I. O. O. F. hall, 2:30 o'clock.

Tustin Pythian Sisters—Will meet this evening, Knights of Pythias hall, Tustin, 7:30 o'clock. Initiation.

Woman's Benefit association—Will meet at 2 p. m., Friday, January 8, in Modern Woodman hall. Installation of officers. Pot luck dinner at noon. Each member is asked to bring a covered dish.

Calumet Auxiliary Executive Board, No. 39, U. S. W. V.—Will meet in the home of Mrs. Bertha Dugdale, 1002 West Walnut street, Friday evening, January 8, at 7:30 p. m.

Elaborate preparations are being made by the Santa Ana City Teachers' league for the reception and entertainment of Will C. Wood, state superintendent of public instruction, who is expected to arrive here January 29. At noon, the educator will

KEEP TOWN AND COUNTRY APART

It is the pride of the American that he knows how to wear clothes. It is the tradition among Englishmen that they know when and where to wear clothes. That is why you so often hear the comment that the Englishman is the best-dressed man but the American is the best-looking. Much is prated and printed about wresting the leadership in men's fashions from London, just as we are keen to grasp the pre-eminence in feminine fashions away from Paris. Before this can be accomplished—and speed the day!—we must learn one fundamental rule of dress which is practiced by well-turned-out men the world over. That is to keep town clothes and country clothes apart; never to jumble the one with the other, to recognize that time, place, climate, occasion and circumstance, not the haphazard whim of the wearer, must govern the

choice of dress. The same thing is true of turn-ups upon trousers. They are meant for country clothes, especially these fabrics of light weight, such as flannels and homespun, which hang better, because of the added weight at the bottom that turn-ups give. Nevertheless, we have adopted turned-up trousers for town wear, that is, some men have. The best-dressed set, however, confines turn-ups to country wear to which they belong, wearing the plain-bottom effect with business and lounge suits.

MOTIVE SOUGHT FOR ENTRANCE TO RESIDENCE

Whether Frank LaVelle was moved by a criminal motive or by sex appeal when he entered a house occupied by Miss Lottie Collins, Los Angeles girl, at 447 East Amerige avenue, Fullerton, a few weeks ago, was a question to be decided by a jury that was empaneled today in Superior Judge Z. B. West's court.

La Velle's trial on a charge of burglary was opened at 10 a. m. when the jury was selected, a recess was taken until 1:15 p. m.

There is said to be no evidence that LaVelle committed theft when he entered the house, but it is only necessary, for the purpose of a burglary charge, to show his intention to steal. The prosecution charges that he was frustrated in his designs when Miss Collins discovered his presence and frightened him away.

LaVelle denies that the girl frightened him away. On the contrary, he testified at his preliminary hearing, she invited him into the house, although he was a stranger, and the only fright connected with the affair was when she thought she heard some of her relatives approaching the house and hurriedly urged him to leave. This he did, by means of a small window, he claims, dropping some papers from his coat as he squeezed through.

The girl declares that he left the house through the front door, when she was attracted by the noise of his entry and called out to ask who was there. She hotly denied LaVelle's statements that she lured him into the house.

The papers were found on the floor of a room later and are said to have led to LaVelle's identification and arrest on the burglary charge.

The home occupied by Miss Collins at the time of the incident belonged to her sister and brother-in-law, who were absent that night. Chief Deputy District Attorney O. N. Mozley represents the state in today's trial. Attorney B. E. Tarver is counsel for the defense.

Police News

A dash light and a cigar lighter were stolen from an automobile owned by Paul Clark, 323 East Fourth street, yesterday, while the machine was parked on a city street, according to a report made to the police station.

Mrs. Jacob Link, Santa Ana, reported to police that a spot light was stolen from her machine last night, while it was parked near Third and Sycamore streets.

Santa Ana police were asked last night by Huntington Beach officers to search for three men and a woman, who they said, were driving towards Santa Ana. The quartet was said to be under the influence of liquor. Local officers did not locate the persons.

Jack Roberts, deputy jailer, is at his home in Orange on account of illness. He is suffering from an attack of influenza.

Charged with vagrancy, three men arrested on January 5 were given suspended jail sentences in Judge J. F. Talbot's court yesterday. They were: J. R. Douglas, Robert Elliott and Tom Ryan.

Sheriff's officers have been asked to search for Ernest Alsop, 64, who is missing from his home at 1124 West Third street. The request was made yesterday afternoon by J. W. Alsop, a relative.

An automobile owned by Paul Lobo, 1333 East First street, was stolen from a place where it was parked, near Third and Sycamore streets last night, police were notified by the owner.

Four men, charged with vagrancy, were arrested by Officers Murray, Barnard and Mohn last night. They were: Norman Ellsworth, 19; Keith Fancher, 20; Fred Hanover, 22; and T. Haynie, 19.

be entertained at luncheon by the Kiwanis club, and in the evening he will be the guest of the teachers at a banquet to be given at St. Ann's Inn.

A marriage license was issued in Riverside yesterday to Carl C. Jackson, 23, and Mattie C. Hight, 19, both of Anaheim.

Santa Ana Lodge No. 241, F. & A. M., will conduct the funeral services of Carl H. Schutt of Capistrano, Cal., a member of Herman Lodge, No. 127 of San Francisco, at Smith & Tutthill's Parlor, Friday, Jan. 8th at 2 p. m. Body to be taken to Los Angeles for cremation later. Masonic Brethren requested to attend. Meet at Masonic Temple at 1:30 p. m.

CHARLES V. DOTY, W. M.

Santa Ana Lodge, No. 241, F. & A. M., will be hosts to the De Molay Chapter of Santa Ana and all Master Masons who desire to witness the De Molay degree exemplified in Masonic Temple Friday, Jan. 8th, at 2 p. m. Entertainment features preceding the degree. Refreshments later.

CHARLES V. DOTY, W. M.

The first oil well in California, drilled at the head of Pico canyon, in 1870, is still producing.

CHURCH SPEAKER

The Rev. D. S. Corlett, general secretary of the Young People's society of the Church of the Nazarene, will be the speaker at the Nazarene Young People's convention of Orange county, to be held at the Nazarene church, Fifth and Parton streets, Friday and Saturday, January 8 and 9, at 7 p. m. He also will speak Sunday, January 10, at 11 a. m., 2:30 and 7 p. m. Corlett is a World war veteran and was in some of the hardest fought battles. For many hours he was lost and was found wounded in No Man's land.

WOUNDED MAN ON WAY TO RECOVERY

Recovering even faster than was expected, from the severe wound over his heart, caused by a shot, which Seal Beach police say was self inflicted, C. H. Chalmers, Long Beach, today will be removed from the Orange county hospital to his home in the beach city, hospital attendants said.

Chalmers was found in Seal Beach Tuesday morning, apparently in a dying condition, as a result of the bullet, which had entered his chest and lodged in his back. He was rushed to the hospital and his condition reported as serious.

He rallied, however, within a few hours, and his condition became less critical. No motive for the shooting has ever been learned by police.

FRANK ANDREWS LAID TO REST IN FAIRHAVEN

Mid floral tributes banked high and surrounded by scores of those who had known and loved him in life, Frank L. Andrews was laid in his grave at Fairhaven cemetery yesterday.

The funeral, held from Smith and Tutthill's parlors yesterday afternoon, at 2 o'clock, was attended by a large concourse of friends, which, together with the wealth of flowers, bespoke the high esteem in which Mr. Andrews was held in the community. Among the floral pieces was a beautiful Rotary wheel, from the Rotary club of Santa Ana, of which Mr. Andrews was a member.

The services were in charge of the Rev. W. H. McPeak, pastor of the United Presbyterian church, of which Mr. Andrews was a member and an official.

"Measured from the standpoint of the state, the church and the home," said the Rev. Mr. McPeak, "Mr. Andrews measured up."

The Twenty-third Psalm was sung by Robert L. Brown. Prayer was by the Rev. William E. Roberts, pastor of the First Presbyterian church. Bearers of the casket were J. E. Liebig, C. F. Smith, J. S. Smart, T. E. Stephenson, D. F. Cook and A. N. Cox.

Slight Damage Is Caused by Flames

Fire, originating in an overheated water heater on the back porch of the home of Samuel Roth, 1015 North Parton street, damaged the back porch shortly after 11 o'clock today.

The fact that a strong wind was blowing increased the danger of a large fire, but fast work on the part of firemen kept the loss to a minimum.

A neighbor, seeing smoke coming from the house, grabbed a garden hose and played a prominent part in extinguishing the flames, prior to the arrival of the fire department from central station.

The Santa Ana Musicians Protective Association will hold the next regular meeting Sunday, 10 a. m., Jan. 10, at the Woodman Hall.

A THREE DAYS'
COUGH IS YOUR
DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist, Creomulsion Company, Atlanta, Ga. (adv.)

THREE MILLIONS
IN COFFERS OF
ORANGE COUNTY

Away with pessimism and talk of hard times!

Orange county has more than \$3,000,000 in its official sock.

Orange county people are paying their taxes, current and delinquent, with unwonted cheerfulness and punctuality.

It is doubtful whether any other county in the state, with a comparable volume of business, can show as good a financial record. Such is the expressed belief of county officials as they scan the report of the "treasury count," completed yesterday by the grand jury. The count revealed a total of \$3,184,231.50 in the public coffers.

The enchanting sum, which is more than the county has ever had on hand at this time of the year, might not prove the prosperous condition of public affairs in itself, officials say, but it has corroboration in other phases of county business.

According to County Auditor W. C. Jerome, whose office is the "clearing house" of official statistics, tax collections this year have been better than normal. Of even greater significance, said Jerome, is the fact that a large proportion of delinquent taxes, representing arrears of the last five years, has been paid. The auditor's office, which has charge of the delinquent tax lists, has collected, since July 1, approximately \$70,000 of a total delinquency amounting to probably \$150,000 for the five-year period. That leaves about \$80,000 as the total outstanding tax obligations against all of the property in Orange county. The sum is regarded as almost infinitesimal and led to the comment by Jerome that "probably no other county in the state, with a volume of business near the proportions of Orange county's could show as good a record."

The \$3,000,000 in the county's bankroll is not idle; the bulk of it is earning interest. The sum of \$1,765,427.14 is in the form of stationary loans, drawing three per cent interest. Another portion, \$605,127.14, is call money, on deposit in banks and drawing two per cent interest. The rest is cash on hand in the treasury. Included in the entire amount is about 61 per cent of this year's tax collections.

Court Notes

Faces Second Charge
Lauren Daugherty, prisoner at the county jail, where he was sent for six months for petit larceny, today faced a second charge, burglary. Daugherty was jailed January 5 for the alleged theft of a \$50 wrist watch from Bernardino de Cock, at the county hospital. Today the burglary charge was filed, accusing him of breaking into a dressing room at the Yost theater on January 3. Chief Criminal Deputy Sheriff Ed McClellan signed the complaint.

Noyce Fined \$25
Because he left a trailer on a public highway at night, O. J. Noyce was today fined \$25 by Justice K. E. Morrison. An automobile crashed into the trailer last night and was badly wrecked, though none of its occupants were injured.

Mystery in Letter
Mystery reigned for a short time today in Justice K. E. Morrison's court when he received the following letter:
"Dear Sir: I enter my plea on the charges guilty, and send the charges. I can't be there on that date."
The letter was signed by P. J. Whitaker, 627 Tenth street, Huntington Beach.

Nonplussed as to what the "charges" might be, Justice Morrison started an investigation. He finally learned that Whitaker had been arrested about a month ago by Motorcycle Officer Ray Bradford, at Garden Grove. Whitaker was charged with speeding and unnecessary noise. He had been backfiring the motor of his car, Bradford said.

Pick Denver for
Bar Convention

LOS ANGELES, Jan. 7.—The American Bar association will hold its 1926 convention at Denver, July 21-23, it was decided by the executive committee, which concluded its annual mid-winter meeting here today. Los Angeles and Seattle were bidders, also, for the meeting.

Chester I. Long, president of the association, advocated less national, and more state government in an address to colleagues and a group of local barristers. Liberty is being imperiled by an assumption of power by the federal government which rightfully belongs to the states, he said.

"The powers of the states have been steadily decreasing, while that of the national government has been increasing, to the peril of local self-government," he said.

Count Nabbed In
Monarchist Plot

VIENNA, Jan. 7.—The Neue Wiener Journal's Budapest correspondent reported today that Count Victor Szechenyi, cousin of Hungarian Minister Laszlo Szechenyi, of Washington, had been called before the police and it was understood this was in connection with the alleged plot to put Archduke Albrecht on the Hungarian throne.

MORE PENSIONERS
LONDON, Jan. 7.—Government officials estimate that 231,000 applications for widows' and orphans' pensions will be made during the remainder of this year. The estimates show that 200,000 widows and 31,000 orphans probably will qualify.

Day in Congress

SENATE
Considers Nye case.
HOUSE
Considers interior department appropriation bill. Appropriations committee considers war, navy and agriculture department appropriation bills.
Navy affairs committee considers bill admitting dependents of naval officers to hospitals.
Interstate and foreign commerce committee continues rubber investigation.
Military affairs committee considers real estate bill.
Indian affairs committee hears representatives of Indian Welfare association.
Public building and grounds committee hears representatives of treasury department on building program.
Merchant marine and fisheries committee continues hearings on White radio bill.
Veterans' committee considers Johnson veterans' bill.
District of Columbia committee considers mothers' pension bill.

ORANGE BOARD
ORDERS LIGHTS
FOR 2 STREETS

The ornamental street light systems recently requested by property owners on North Orange and Cleveland streets, Orange, were one step nearer realization today following the regular meeting of the Orange city council when the city solons adopted a resolution ordering the work to proceed.

At the same time, the city council ordered advertisement for bids, which are scheduled to be opened January 19 at 1 p. m.

The street light project calls for seven ornamental lights on Cleveland street, between Chapman and Maple avenues, and 15 lights on Orange street between Chapman and Palm avenues. In the recent petition, the property owners requested the same type of lights as that utilized on the West Chapman system.

The appointment of Thomas E. Griffith to be a member of the Orange police force was approved by the trustees, who fixed the salary of the new officer at \$120 per month. The appointment became effective January 1, when Griffith took a service on the day force.

Justice L. A. Stevenson was granted a leave of absence from the state, commencing January 5. Stevenson, it was reported, expects to make a trip into Arizona, leaving shortly.
Clyde Bishop, Santa Ana attorney, was engaged to assist City Attorney L. F. Cohn in connection with legal proceedings on the \$125,000 municipal water bond issue, voted last year.
Bessie C. Swan, desk sergeant, has been appointed deputy county clerk to register voters at the city hall. Registrations may be made at Miss Swan's desk at any time during city hall hours, it was announced.

Lloyd George's
Daughter Gains

LONDON, Jan. 7.—Miss Megan Lloyd George, daughter of former Premier Lloyd George, today underwent a successful operation for appendicitis. Her condition subsequently was described as satisfactory. Her illness developed only yesterday and her father was summoned hastily from Italy.

ACTRESS GRAVELY ILL.
LOS ANGELES, Jan. 7.—Barbara La Marr, screen siren, is gravely ill, it was learned this afternoon. The star is suffering from a serious case of nephritis.

OTTO SANAKER
PASSES AFTER
LONG ILLNESS

Otto Sanaker, 42, prominent Santa Ana lawyer for the last seven years, died in his home, 520 North Birch street, at 12:05 a. m. today, after an illness of long duration.

His death brings to an end an illness which had hovered over him for the last seven or eight years and one that on several occasions had forced him to stop his business temporarily. He became seriously ill about four months ago and later went to the Imperial valley for his health, but returned here several weeks ago.

No funeral arrangements have

been made, pending the arrival of a half-brother from Los Angeles late this afternoon. The body is at the Smith and Tuthill parlors, from where the funeral will be held.

Mr. Sanaker was a native of Norway, but when a boy ran away from his grandfather's home and turned to the sea. He traveled over the world for years and for several years lived in Australia. He came to this country more than 10 years ago and located in Los Angeles in 1916. There he began the practice of law.

Ill health, three years later, forced him from the city and he came to Santa Ana, where he established himself with the fraternity in this city. During the last several years, he has been well known in court circles here.

DEATH TAKES COLGATE
SHARON, Pa., Jan. 7.—Romulus Riggs Colgate, a developer of electric power in California and former vice president of the National Lead company, died at his home here yesterday. Colgate was 67 years old.

HALT WORK IN
COMMITTEE ON
REVENUE BILL

(By United Press)

WASHINGTON, Jan. 7.—Further consideration by the senate finance committee of the \$325,000,000 tax reduction bill was held in abeyance today to give Senator Simmons, Democrat, North Carolina, ranking Democratic member of the committee, time to draw up a schedule of income, surtax, estate, gift and excise rates, which he will attempt to have the committee substitute for the rates adopted in the house bill. Unless Senator Couzens, Michigan, Republican, is ready tomorrow to appear before the committee to report findings of his committee's

investigation last winter of the internal revenue bureau, the next meeting of the committee will not be held until Saturday. At that time, Simmons will present his schedule. With the committee composed of 10 Republicans, as against 7 Democrats, it is not probable that Simmons' schedule will be adopted. In that case, he will present his rates as amendments when the bill comes up in the senate. With the support of insurgent Republicans, he hopes to have several of his amendments adopted.

One amendment would retain the publicity of income tax returns. Another would increase the maximum surtax from 20 per cent, as it stands in the house bill, to 25 per cent. He also may seek to have the personal exemption from income tax raised to \$5000.

BOOST REDISCOUNT RATE
NEW YORK, Jan. 7.—Directors of the New York Federal Reserve bank today advanced the bank's rediscount rate to 4 per cent from the former rate of 3½ per cent, which had been in effect since Feb. 27, 1925.

Sour Stomach

"Phillips Milk of Magnesia"
Better than Soda

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges sour waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." Twenty-five cent bottles, any drug store.—Adv.

Girls! Try This

Gleamy, Thick, Wavy
Hair in a Moment

Here is the easy, inexpensive way to keep your hair stylishly correct, youthful and simply beautiful. When combing and dressing your hair, just moisten your hair brush with a little "Dandine" and brush it through your hair. The effect is startling! Your hair will appear twice as thick and heavy—sparkling with life and possessing that incomparable softness, freshness and luxuriance, and just delicately perfumed.

While beautifying the hair "Dandine" is also toning and stimulating each single hair to grow thick, heavy and strong. Hair stops falling out and dandruff disappears. Get a 35-cent bottle of "Dandine" at any drug or toilet counter and just see how healthy and youthful your hair appears after this delightful, refreshing dressing.

Woman's Page

Interesting Details Of Institutions Given in Talk

Given a more complete knowledge and understanding of both state and county institutions than they have heretofore possessed, members of the Woman's club of Santa Ana listened to a most enlightening paper by Dr. Evalene Peo and talk by Mrs. W. B. Williams, at their meeting Tuesday afternoon in the Unitarian church.

The session opened with the usual ceremonies directed by the president, Mrs. Walter Moore. Mrs. James Clarke was at the piano for the opening ode and the collect was led by Mrs. B. Utley. During the business session, a much appreciated letter of new year greetings from the district president, Mrs. E. E. Knight, was read. Decision was also reached to hold the annual birthday luncheon at St. Ann's Inn, the date to be announced later.

Mrs. Henry Diers, as treasurer, gave a detailed report of the club's finances and Mrs. Clark told of taking flowers from the club to those members who are ill. These include Mrs. Elizabeth Mills, "club mother," Mrs. Mary Rowell, Mrs. S. E. Griffith and Mrs. H. F. Stone.

The program topic was "Institutional Relations," and Dr. Peo, in preparing her paper on the subject, spared no pains to gather knowledge of state and county institutions, investigating most thoroughly the county farm, juvenile home, etc.

She opened her paper by stating that there were 26,000 persons, in public and private institutions of the state of California with one half of this number consisting of either insane or feeble-minded folk. Institutional relations, Dr. Peo stated humorously, like other relations, could be divided into both rich and poor. Under the first classification, she cited California's two state universities, five normal schools and innumerable city schools.

Under the second were named seven state hospitals, one tuberculosis hospital, two insane asylums, also the state homes and penal institutions. San Quentin, she declared, has a present population of 3,244 with accommodations for only 800. Management of such institutions she found to be sometimes by political preferment, and sometimes, the much more desirable way of a board of managers.

In Orange county institutions, she cited the 70-acre county farm with its admirable management, its nurses' training school, hospital equipment, tuberculosis wards, cottage plan for the indigent and above all, the excellent supervision and skill which makes it an unusual institution. The juvenile home also was spoken of in terms of praise for its management and prospects. Dr. Peo told of plans for a new building which will give the girls separate quarters in both school and living. The county jail and its management was the final institution touched upon by the speaker.

At the close of her extremely interesting talk, Mrs. C. F. Crose, county chairman of institutional relations, spoke in high praise of the paper and of the fact that the Woman's club was the first club of the county to present such a program. She then introduced Mrs. W. B. Williams who on a northern trip last fall, was given opportunity to visit San Quentin and who gave a graphic account of conditions there as she saw them.

The immaculate condition of the prison, as well as the rigid discipline, was commented on and Mrs. Williams told also of the remarkable gardens where quantities of vegetables were raised, thus providing fresh foods for the table. Beautiful flowers too were grown in abundance. She found that recreation features were not lacking, the prisoners having baseball teams, a band and similar organizations. Prisoners may also patronize university extension courses.

The club members were agreed as to the interest and value of Dr. Peo's paper and Mrs. Williams' supplementary talk.

Mrs. H. D. Miles extended an invitation to the club to meet with her on Tuesday, January 19 at her home, 1011 Riverine avenue.

Fail In Effort To Capture San Diego Fugitive

A search of Santa Ana, of trains coming into the city and of automobiles arriving from the south, failed to locate John Willard Delaney, alias John W. Dean, who yesterday morning escaped from San Diego police in a San Diego courtroom.

Local officers were notified that the man apparently was making his way north from the border city and asked that he be apprehended here, if possible. Delaney stepped out of a line of prisoners, being taken from the county jail to the superior court, and was not missed for several minutes.

The man was being held in San Diego on a burglary charge, and is said to have a prison record. Reports from San Diego were to the effect that he had escaped from Nevada state prison, in Carson City, just three days before his arrest in San Diego.

Cracked human bones found in English caves apparently indicate that cannibalism in England survived into the period of Roman occupancy.

Colds in the head are said to be due to over-fatigue which exposes the system to the bacilli which are always floating in the air.

Country Club Affairs For January Open Tomorrow Night

After a delightful holiday series of social affairs, Santa Ana Country club has settled into its regular stride of a succession of pleasantly informal features fostered by the management and tomorrow night at 8 o'clock, will present the first club card party of the new year for the members. Extremely attractive prizes, provided by the club, will be offered and an unusually large attendance is anticipated. To cater to those whose hours around the card table tend to increase their hunger, the grill will remain open until midnight and late supper will be served.

The first informal dance of the month is scheduled for Friday, January 15, when gayeties will begin at 8:30 o'clock. Punch will be served the thirsty dancers, and again will the management arrange to keep the grill room open for those who enjoy a mid-night supper after an evening of dancing. The grill will remain open until 1 o'clock and a very nominal price will be asked for the delectable little supper.

On January 20, the regular bridge afternoon for club femininity will be held. Reservations may be made for a grill room luncheon from 12 until 2 o'clock, with cards to follow. Suitable prizes will be offered for those scoring high.

Club activities for the month will reach their climax on January 28 when the first birthday will be celebrated in the new club house. Formal dinner and dancing will constitute the entertainment and will be followed by the annual celebrations on the date. Dinner will be served promptly at 7 o'clock and dancing will begin an hour later. Reservations may be made at once with Manager McGilvray.

ANNOUNCEMENTS

That section of the Delphian society that usually meets at the home of Mrs. Ella Campau will meet tomorrow morning at 9 o'clock at the home of Mrs. Alice Hatch. Attention is to be given the two lessons outlined in the year book for the fourth month.

The music section of the First M. E. church will meet Friday afternoon at 2:30 o'clock at the church parlors. It is requested that every member be present as there is to be a surprise for each one.

The Dorcas society of the First M. E. church will meet Friday afternoon at 2:30 o'clock at the church parlors. It is requested that every member be present as there is to be a surprise for each one.

Arrest Alleged Check Artist On Another Charge

Arrested in San Pedro on a charge of stealing an automobile, James Aubrey, alias James Ritto, will be brought to Orange county to face a charge of issuing fictitious checks, in case Los Angeles county authorities do not succeed in convicting him on a grand larceny charge, according to F. G. Yoder, state motorcycle officer, with Dan Adams, deputy sheriff, trailed Aubrey to the port city on the check counts.

According to the officers, Aubrey stole an automobile and came to Santa Ana, where he issued one check for \$25 to Neal Beisel, in payment for three suit cases, and another, for the same amount, to Jesse Goodman, in payment for two tires. Both the tires and the suitcases were found here by the officers, the man apparently cashing the checks for the change he received after making the purchases, it was said.

Following his operations here, Aubrey is alleged to have gone to San Pedro, where he rented the machine to a number of sailors. It was through these sailors that Aubrey was arrested on the charge of stealing the machine.

Three sisters were recently married at one time. They were given away by a brother, a brother-in-law and a friend, all of whom were named Harry.

CHURCH SOCIETIES

First Christian

The Ladies' Aid society of the First Christian church met yesterday in the church bungalow in order to elect officers for the coming year. As has been the case for the last fifteen years, Mrs. T. D. Knights was re-elected to the office of president that she fills so well. Mrs. C. F. Mitchell was elected vice president. Mrs. W. M. Hamilton, secretary and treasurer; Mrs. F. E. McCarter, head of the dining room, and Mrs. A. V. Napier, head of the publicity committee.

It was decided by the society that, as there was a large amount of money in the bank, the coming year should be devoted to social events instead of plans to raise money as was done in the past year.

First Presbyterian

The south-east section of the Ladies' Aid society of the First Presbyterian church held a most delightful advertising party yesterday at the home of Mrs. R. J. Brown, 925 Chestnut avenue. Leaders of all of the sections and the executive board of the society were guests of honor. There was a short business meeting conducted by Mrs. W. C. Vieira, vice president.

After the business meeting an especially good program was presented. Miss Alice Grimshaw sang "Break O' Day" and "Friend of Mine" by Sanderson, accompanied by Miss Florence Hulsick at the piano. Mrs. George Munro gave a humorous reading, "On Nebraska's Fertile Shore," by Herbert Hashford and gave "Rejected" as an encore. Ralph Greer played two violin solos, "Melody of Love" by Engelman and "Mosquito Dance." His mother, Mrs. G. N. Greer, was his accompanist.

As the affair was an advertising party an enjoyable contest was held in which groups of letters were to be arranged so that the names of various stores in the city could be read. Mrs. J. E. Kellogg won the contest.

Delicious refreshments were served and with every tray was a favor which was a food sample presented by the different merchants of Santa Ana.

First Baptist

The Baptist women held another of their enjoyable monthly meetings yesterday at the church. The morning hours were spent in making sunshine suits for the fresh-air camp next summer, trying comforters, making rugs, etc.

At noon Mrs. R. E. Coulter and her committee served a reducing or fattening luncheon, serving butter-milk, gingerbread, etc., in such quantities that most of the ladies found it hard to reduce very much. A thin ladies' chorus led by Miss Mildred Marchant and a fat ladies' chorus led by Mrs. Kern sang songs written for the occasion, expressing the cause and remedy for their condition. Mrs. W. W. Crozier read an article on how to cook husbands, which was well received, especially by the single women and young widows who were each presented with a gingerbread man for protection.

The humorous article read by Mrs. Crozier stated that many husbands are spoiled in cooking; that wives sometimes keep them in a stew by irritating words and deeds, others roast them and still others keep them in a pickle. It continued: "It cannot be supposed that any husband will be tender and good managed in this way. Turnips wouldn't, onions wouldn't, cabbage wouldn't, any husband's wont, but they are really delicious when properly treated."

"In selecting a husband, do not go to market for him—the best is always brought to the door. In cooking him, a preserving kettle of finest porcelain is best, but even an earthenware pipkin will do. See that the linen in which you wrap him is nicely washed and mended with the requisite number of buttons nicely sewed on. Tie him in the kettle by a strong silken cord called Comfort. Make a strong, clear fire out of Love, Neatness and Cheerfulness. Set your husband as near this as seems to agree with him."

"Add a little sugar in the form of kisses but no pepper or vinegar on any account. A Katie spice improves him but must be used with judgment. You cannot fail to know when he is done and if he is properly treated you will find him digestible, agreeing nicely with you and the children and warranted to keep as long as you want, unless you become careless and set him in too cold a place."

After the business meeting, Mrs. E. Austin led the half-hour devotionals giving a heart-searching talk on prayer and sincerity in what is asked for and done.

Miss Jennie Lasby gave the missionary talk of the afternoon on "Seeing Christian America First." Miss Lasby's talks are always interesting and instructive, and this was unusually so.

Body of Man Long Missing Is Found

MIAMI, Ariz., Jan. 7.—A posse has discovered the body of David Gowen, 93, near his cabin in the Matatzal mountains. Gila county, and buried it there, according to word reaching here.

Gowen, who has lived alone in the mountains for the last 50 years, had been missing for some time.

The aged man discovered the natural bridge of Arizona in 1978, which, next to the Grand Canyon, is the greatest scenic wonder in the state. He was one of the west's oldest pioneers.

A machine gun mounting for airplanes, which sprays bullets as a sprinkling nozzle of a hose sprays water, is the newest war invention in England.

The entire earth has 44,000 thunderstorms a day or 16,000 a year.

Prominent Musician Takes Departure For East

After having made his farewell appearance in Los Angeles on Monday, Clarence A. Gustlin, well known and talented Santa Ana musician, left yesterday over the Santa Fe for an extensive tour of the middle west, south and along the Atlantic coast, planning to conclude his trip some time in April. His first appearance will be in Rensselaer, Ind.

The Los Angeles program was given before the exclusive St. Cecilia club, composed of active professional musicians, in the McDowell clubhouse on Monday afternoon. Mr. Gustlin interpreted the music of Charles Wakefield Cadman's new opera, "The Witch of Salem," which is to have its premiere in Chicago in the fall. The work was received very enthusiastically by the audience.

The Santa Ana musician is under New York management on his tour. His programs will include the American operas, "The Witch of Salem," "Allegria" by Fanning De Leone, "The Echo" by Frank Fanning, (the latter two having been used with great success by Mr. Gustlin on his last year's tour) and "Castle Agraazant" by Ralph Lyford, which will have its rendition in the spring in Cincinnati, O. Inter-spread throughout his programs, Mr. Gustlin plans to render instrumental numbers, and he is looking forward to a very successful season, as he feels that this is an opportune time to present American productions.

The local musician stated that there is just now a wave of operatic interest, with the organization of civic opera companies, and study clubs to stimulate interest in our own native music. Mr. Gustlin has the hearty co-operation of the National Federation of Music clubs and other organizations in his efforts to educate the people in the love of American music.

In speaking of the presentation of Cadman's "Witch of Salem" by the Chicago Civic Opera company, Mr. Gustlin declared that the contract taken by the company for three years, with the assurance that it will be presented at least seven times and taken on tours of the organization, is very unusual for an untried opera, and there is no record of it ever having been done with an American work.

A farewell dinner was given for the pianist by his parents, Mr. and Mrs. A. Gustlin, last Sunday at their home on Edgewood Road, members of the family being present to wish the traveler success on his journey.

Ebell Members Asked To Return Cards

Ebell members who have not yet returned the postcard attached to the recent notice regarding next Monday's luncheon and business meeting at the clubhouse are urged to do so at once, as reservations must be made by tomorrow noon in order that Mrs. W. D. Baker and her section members may have an idea of how many to prepare lunch for.

The event is a new departure in club affairs, and promises to be most popular. In connection with the 12:30 luncheon which is to be served by the sixth household economics section, the program committee will introduce Alma Whitaker, popular writer especially prominent in Southern California by reason of her articles as feature writer on the Los Angeles Times.

The well-known newspaper woman will speak at the lunch hour which will in turn, be followed by the monthly business meeting. At the latter, many interesting matters will be brought before the members for discussion and settlement. Also to add variety will be the introduction of the Ebell Women's chorus, directed by Marie Bishop and with Miss Leonora Tompkins as pianist.

Sloths, regarded as among the animal curiosities of the world, live much of the time upside down. They walk, eat and sleep while clinging to trees by their toes.

Championship lawn tennis recently was played by artificial light for the first time at uQueen's club, London.

If Ruptured Try This Free

Apply it to Any Rupture, Old or Recent, Large or Small and You are on the Road That Has Convinced Thousands

Sent Free to Prove This

Anyone ruptured, man, woman or child, should write at once to W. S. Rice, 33 E. Main St., Adams, N. Y., for a free trial of his wonderful stimulating application. Just put it on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk just because they don't know what to do to prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

Popular College Girl At House Party In Pasadena

Miss Virginia Slabaugh, daughter of Dr. and Mrs. F. W. Slabaugh of North Main street, is expected home today from Pasadena where she has been attending a delightful house party given by a Mills College friend, Miss Aletha Walker.

Miss Walker was a guest in the Slabaugh home during the early part of the holidays, and many were the gay gatherings of college folk home for mid-winter vacation, in which she shared. In entertaining at Pasadena for Miss Slabaugh, she was hostess last night at a delightful little dinner and theater party for a group of young people who enjoyed a performance of "The Big Parade" in Hollywood following the dinner party.

Miss Slabaugh will leave tomorrow for the north to resume her studies.

CHANGE OF VENUE SOUGHT BY IRVINE

James Irvine Jr., yesterday petitioned the Los Angeles superior court for a change of venue in the separate maintenance suit brought against him by his wife.

He asks that the case be heard in the Orange county superior court because of his residence in this county.

Mrs. Irvine opposed the petition, asserting that her husband is a resident of Los Angeles county. She asserts he has an income in excess of \$250,000 annually, and alleged that his political influence would be detrimental to a fair trial of the case here.

PRADO DAM REPORT TO BE CONSIDERED

Consideration of a report on the proposed Prado dam, as recommended to the board of supervisors in the recent Lippincott report, was to be taken up by the board of directors of the Orange County Farm bureau this afternoon.

The report was submitted to the directors by the farm bureau water conservation committee.

The Orange County Milk Producers' association also was scheduled to meet at the farm bureau office today to elect a director to the California Milk Producers' association and to discuss other matters of business.

Smile in the Morning!

It's waffles with chicken gravy to smile in the day. Anybody with any old second-hand complex can do that. But what I mean is in the cold gray dawn when your circulation will not circle; when the rosy hue of life is a rag weed and life's real import stands over you like a toothless ogre or a bill collector. Smile then!

And if (better luck to you) you've rolled across the bed eleven hundred and umpty times to the dulcet scratch and jab of a sick tooth . . . Smile!

And if (you needn't have them) your shoulder acts up, full of needles—hot needles—or one of your eyes keeps Charlestoning—or fine lovely tigers gnaw your knee—you may be a case for a physician.

But it's a thin dime to a Cadillac you ought to call 2381 and have Dr. Blythe put those teeth 100% efficient.

Then you can smile! All the way!

Children's Colds

Best Treated Externally
CONSTANT dosing upsets little stomachs. Modern mothers prefer to treat children's colds externally—with Vicks VapoRub. They simply rub it on the throat and chest at bedtime.

Vicks acts two ways at once:
(1) Like the old-fashioned poultice in "drawing out" the soreness and pain; and, at the same time,
(2) Like a modern vapor lamp because the body heat releases the ingredients in the form of medicated vapors which are inhaled all night long. These loosen the phlegm and open the congested air passages.

Most colds yield by morning to this double direct action.

CREAKY JOINTS
Buhler Oil, applied to stiff, swollen, aching joints is so penetrating that it relieves all pains within a few seconds. A few applications in one evening will reduce joint swelling and limber up stiff creaky joints. It does not burn nor blister. There is no sticky mess, no soiling of clothes. Can be had at all good drug stores.

1926 WILL SEE COMPLETION OF T. B. HOSPITAL

Construction and completion of the \$150,000 tri-county tuberculosis sanitarium near Beaumont is slated for the latter half of 1926, and the advent of 1927 should find the institution caring for its patients, according to a statement today by Supervisor William Schumacher, of Buena Park.

Schumacher represents his county on the committee from Orange, Riverside and Imperial counties, which handles the affairs of the sanitarium.

Plans for the sanitarium were conceived last year and the site was purchased. The counties then deferred the larger project of construction until the next fiscal year, starting July 1, 1926. The cost will thus be borne by next year's tax budget.

Site Costs \$13,000
Costing the sum of \$13,000, the site consists of 53 acres, ideally located four miles from Beaumont, in Riverside county. On this site the counties plan to build a group of structures, including administration building, various wards for patients and quarters for the medical and nursing staff. Building operations will commence shortly after July 1 and should be finished before the end of the year, Schumacher said.

Building construction, as in the case of the site purchase, will be financed on the basis of population, as determined by the last registration of voters. Each county will pay such proportion of the cost as its registration bears to the combined total registration of the three counties.

Orange county, having a registration greater than that of the other two counties combined, will bear 57 per cent of the cost. Riverside's share is 23 per cent and that of Imperial county is 20 per cent. Orange county paid \$7410 of the cost of the \$13,000 site and will be called upon to pay approximately \$85,500 upon the cost of the sanitarium if it amounts to \$150,000, as now contemplated.

Expense of Maintenance
When the sanitarium is completed and in operation, Orange county will be entitled to 57 per cent of its bed space and other accommodations. If this proportion is not used, however, the county will not be required to pay 57 per cent of the cost of maintenance. Maintenance expenses will be shared by the three counties on the basis of the use they make of the sanitarium.

Under a tri-county agreement, patients will be admitted to the sanitarium upon the authority of the board of supervisors in the county from which such patients are received. Each board of supervisors may establish its own individual rules for the approval of patients seeking admission to the sanitarium.

HE DOES NOT WEAR OXFORD BAGS, BUT SPINSTERS THINK HE'S MOST COLLEGIATE BOY

Twelve rah, rah boys of the Santa Ana junior college have been chosen the most "collegiate" in a vote of members of the Sisterhood of Spinsters.

A list of the ranking men was compiled to supplement the roll of the most beautiful co-eds elected recently for honors. Miss Dora McWaters won among the girls and, although he does not wear Oxford bags, Henrik Van Rensselaer was awarded the "collegiate" title.

The retiring spinsters' order conducted quite a contest to determine on whom to bestow the rah, rah distinction, according to a member. It is reported that they have been in a serious quandary for the last two days in their attempt to approve a list.

For two of the places candidates were tied. The list includes Henrik Van Rensselaer, first; Robert O'Brien, second; Adelino McLane, third; Henry Powell, fourth; Ross Fields, fifth; Everett Lutz and John Lutz, sixth; Don Purvis, seventh; Hugh Staton, eighth; Stewart Ritzer and Earl Jesse, ninth; John McCoy, tenth.

Judging was based on hand-someness, rah, rah spirit and activities participation, with consideration allowed for traits of individuality.

The spinsters' order, in issuing the list, took its first action since organization two months ago. At that time a group of girls in the college formed the order as a spite move against the bachelors' club.

COLLEGE RIGHTS ARE ARGUED AT STUDENT MEET

Whether or not compulsory assemblies should be introduced at the Santa Ana junior college has become a live issue among the students. A clash over the question arose before the student body yesterday, when the proposal was discussed.

The crux of the agitation centers in the difficulty of getting good attendances for the weekly Wednesday programs. Compulsory attendance was suggested as a solution.

Students who opposed the move declared that it would involve "giving away a college student's rights to act independently." Robert O'Brien, Hugh Staton and Miss Dorothy Cartwright spoke against the proposal.

"When we were in high school, we didn't mind being compelled to go to assemblies and having all our actions supervised, but now that we are in college we have put away childish things," O'Brien retorted, during the discussion.

George Broomell, vice president of the student body, championed the cause of compulsory attendance. He argued that attendance at assemblies was small, due to "ditching" by the students.

"We can't bring worth while programs here because the college is given a bad name when the students fail to come," Broomell charged.

The student executive board last Monday went on record as favoring the compulsory assemblies. After the discussion before the students, it was announced that the college would conduct a ballot to decide the question next week.

South Coast Body To Meet On Friday
NEWPORT BEACH, Jan. 7.—Methods to further the interests of the Orange county harbor district and the coast towns will be discussed at a meeting of the South Coast association here, Friday. The meeting will be held at the Newport Harbor Yacht club.

J. A. Armitage, secretary of the Huntington Beach Chamber of Commerce, and president of the South Coast organization, will be in charge of the meeting.

THREAT AUTHOR FOUND GUILTY IN 10 MINUTES

SAN FRANCISCO, Jan. 7.—William Elmer Wolfe, hunted for five years as a "poison pen" writer, attacking the president, cabinet officials and others in public life, was convicted in federal court here yesterday of sending indecent and seditious matter through the mails.

Presentation of the evidence occupied 45 minutes and a jury found Wolfe guilty in 10 minutes.

Federal Judge John S. Partridge announced that Wolfe would be examined as to his sanity before sentence is pronounced.

Richard Jervis, personal bodyguard of President Coolidge, came here to aid the prosecution.

Wolfe said he spent all his savings, about \$6000, during the World war in issuing literature which he hoped would end the conflict. He came to California in 1918, he said, and opened a campaign against "J. P. Morgan, who controls the White House," and all "his criminal gang."

ITALIANS PLAN FINAL TRIBUTE TO MARGHERITA

ROME, Jan. 7.—Queen Mother Margherita's funeral will be held Monday and her body will be placed near her husband's in the hallowed chambers of the Pantheon.

Thus will Italy do its honor to one beloved of nobility and commoner alike, for normally this woman of the regal House of Savoy would be buried elsewhere, not among the illustrious of the ancient Pantheon.

The queen mother's body lies in state at Bordighera, while nuns and monks kneel at the foot of her casket saying the rosary.

Masses, too, have been celebrated for her at the altar. This is flanked by dwarfed Japanese trees 200 years old, the gift of the crown prince.

A special train from here has taken countless wreaths to Bordighera, the tributes of the great and lowly. And this train will bear back to the capital all that is mortal of the queenly woman.

The body will be in state in the church of Santa Maria Degli Angeli here Monday so that the public may have an opportunity to file past. Funeral services will be at the Pantheon and there members of the royal family of Italy and representatives of foreign monarchs will gather with princes, princesses and state dignitaries to commit her to the tomb.

COUNTY TAXES ESTIMATED AT \$5,477,836.18

Records of County Auditor W. C. Jerome show that the county will collect \$5,477,836.18 in taxes for 1926-27, compared with \$5,580,889.59 for 1925-26. The first installment already has been collected and 60 per cent of the year's tax money has been apportioned to its various purposes and places.

Special drainage districts, protection districts and road improvement districts, outside of incorporated cities, received the following amounts:

Bolsa drainage, \$6163.19; Delhi drainage, \$3769.14; Newport drainage, \$14,417.45; Newport drainage, \$1857.47; Talbert drainage, \$6648.51; Westminster drainage, \$552.67; Newbert protection, \$27,530; Olive-West Orange protection, \$2496.12; Road Improvement District 1, \$4,258.57; R. I. D. 3, \$1413.99; R. I. D. 4, \$326.15; R. I. D. 5, \$2881.57; R. I. D. 7, \$3664.35; R. I. D. 8, \$939.92; R. I. D. 10, \$132.21; R. I. D. 15, \$1080.15; R. I. D. 17, \$230.59; R. I. D. 19, \$1165.50; R. I. D. 22, \$23,129.50; R. I. D. 23, \$9525.05 (deduct \$1000); R. I. D. 24, \$3979.93 (deduct \$200); R. I. D. 26, \$2844.32; R. I. D. 27, \$2248.83; R. I. D. 29, \$765.27; R. I. D. 30, \$2564.05; R. I. D. 31, \$2311.80; R. I. D. 32, \$1614.72; R. I. D. 34, \$1963.25; R. I. D. 39, \$2125.85; R. I. D. 40, \$521.42.

Other Apportionments

General road fund \$21,684.32; road district No. 2 \$54,010.10; road district No. 3 \$75,046.27; road district No. 4 \$18,551.74; road district No. 5 \$44,556.30; county general fund \$177,851.10; bridge fund \$34,722.17; salary fund \$69,444.33; hospital fund (including county hospital, state and county aid, and county health department) \$95,485.96; interest and sinking fund for county bonds \$9,444.33; advertising fund \$13,020.81; high school fund \$208,333 under county tax rate, \$504,525.11 from school rate collections, making total of \$712,858.11; county park fund \$8680.64; county good roads \$173,610.83; county free library \$9994.64; Buena Park library \$1116.37; Placentia library \$7042.87; Yorba Linda library \$823.67; Buena Park lighting district \$574.15; El Modena lighting \$434.86; Olive lighting \$140.25; Placentia lighting \$1173.33; Tustin lighting \$1089.05; Yorba Linda lighting \$250.42; Orange County Water Works district No. 2 \$3173.47.

A total of \$1,280,082.53 was collected and apportioned under individual school district rates. Of this amount the special school fund received \$241,556.48, the kindergarten schools received \$66,460.67, interest and sinking fund for grammar school bonds \$209,725.01, special high school fund \$504,525.11, interest and sinking fund for high school bonds \$111,077.38, building fund \$67,463.29; county junior college \$19,717.04; Santa Ana Junior College \$93,806.

The above sums, totaling \$1,280,082.53 comprise the following individual apportionments to school districts:

Alamitos \$6400.49; Anaheim \$94,766.6; Bay City \$18,067.13; Bolsa \$6137.61; Brea \$73,931.30; Buena Park \$19,468.39; Centralia \$4796.10; Commonwealth \$6832.24; Cypress \$6401.87; Diamond \$4687.09; El Modena \$21,440.35; El Toro \$2524.73; Fairview \$7655.29; Fountain Valley \$6146.55; Fullerton \$123,665.34; Garden Grove \$29,246.78; Greenville \$2997.71; Harper \$9508.58; Hawthorne (Delhi) \$15,355.69; Huntington Beach \$158,900.26; Katella \$16,477.74; Laguna \$17,699.93; La Habra \$61,124.41; Laurel \$7627.06; Loara \$9435.86; Lowell Joint \$2100.19; Magnolia \$10,688.35; Newport Beach \$25,565.39; Ocean View \$14,229.36; Olinda \$22,009.60; Olive \$13,335.17; Orange \$76,551.77; Orangeflorpe

BALBOA CLUB GIVEN PERMIT FOR STRUCTURE

Finding that increased facilities and accommodations would be justified by the growing list of club members, the Balboa Palisades club has doubled the amount of money to be spent in the construction of its bath and boat house, as shown by the building permit records of the city of Newport Beach. Original plans were to erect a building costing \$25,000. The building permit just issued by the city of Newport Beach calls for an expenditure of \$50,000. Virtually doubling the capacity of the structure, the new plans will provide for additional boats and sailing craft, a greater number of lockers and more adequate accommodations for social functions, club members said.

Lee M. Brokaw, local chairman of the club's membership committee, today placed in the hands of B. R. Ford, Santa Ana contractor, an order and contract for the services of a fleet of trucks, which were expected to make the first trip this afternoon to the building site, with materials for the concrete construction work. With the building material contract given to the Santa Ana Lumber company and the actual construction started, it was said today that the building would be pushed through to completion with the minimum of delay.

Air drills have finished the preparation of the natural rock foundation. Tons of lumber and other building materials are now on the site and forms are being constructed to receive the concrete for the walls.

The Balboa Palisades club's property consists of approximately five acres on the palisades near the Newport harbor channel, overlooking the bay district. At the completion of the bath and boat house, immediate construction work is planned on a central clubhouse estimated to cost more than \$100,000. Included in this plan are a score of cottages for use of club members. It is claimed to be the ambition of the club's governing board to make the Balboa Palisades club the most magnificent and best appointed beach club in California. It was pointed out that the natural environment surrounding the club site is superior to any possessed by any existing beach club in the state.

Paularino \$4735.45; Peralta \$2238.53; Placentia \$57,652.09; Richfield \$19,510.50; San Joaquin \$22,187.93; San Juan \$11,729.87; Santa Ana \$181,517; Savanna \$2604.04; Sierra \$4009.98; Springdale \$4845.68; Trabuco \$640.26; Tustin \$43,768.82; Villa Park \$12,411.69; Westminster \$6098.03; Yorba \$5140.01; Yorba Linda \$9763.30; Silverado \$1124.90.

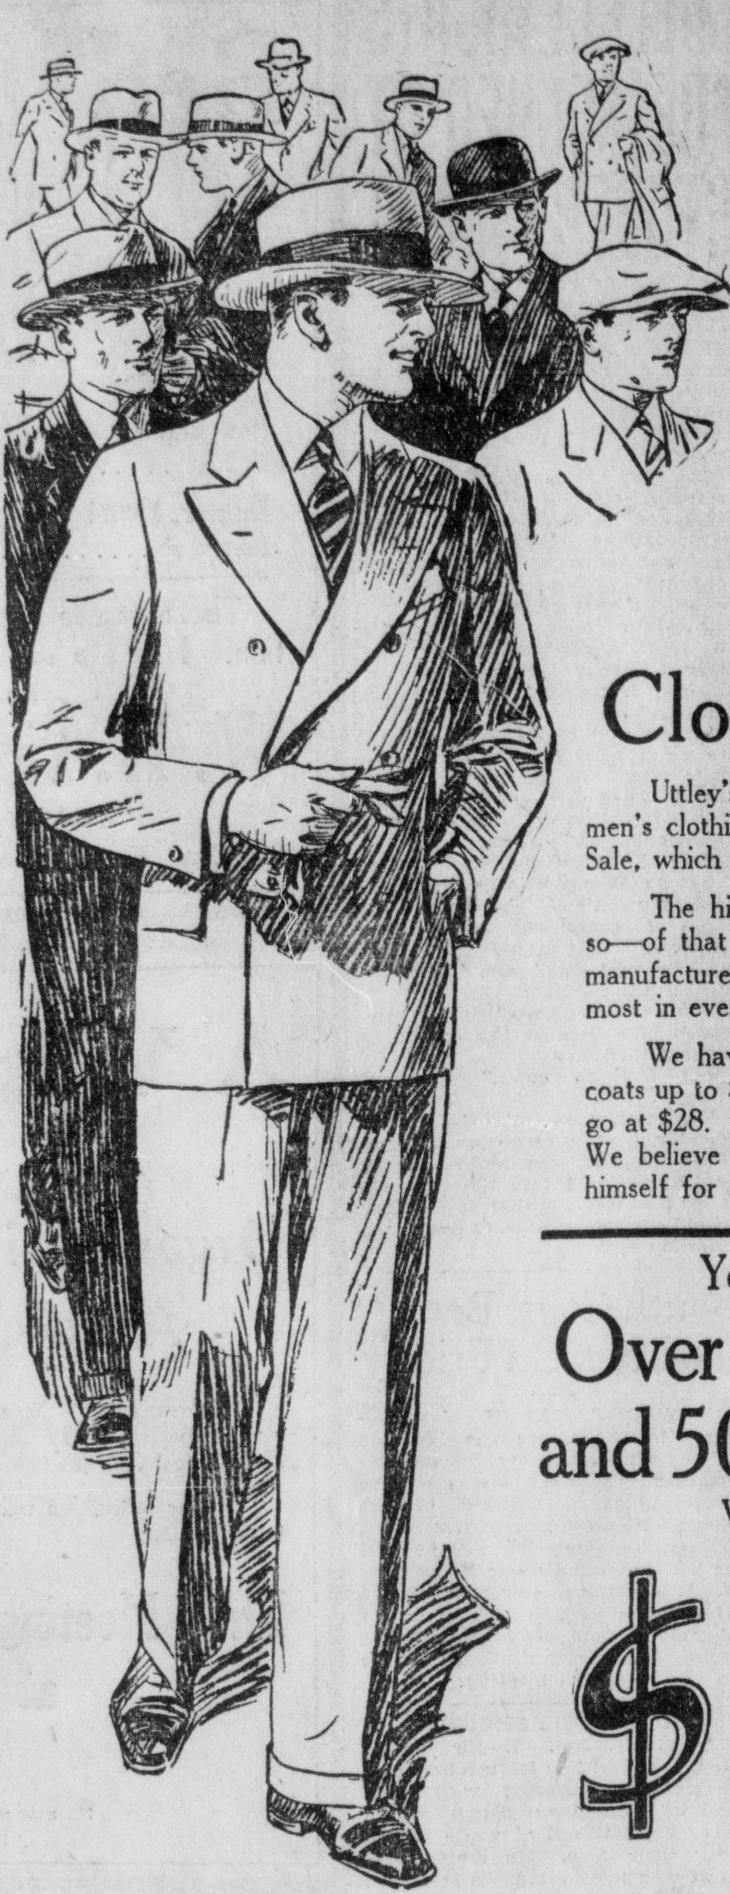

A review of the apportionment shows that the county spent more than half of its funds for education, the schools drawing 55.09 per cent of the apportionment. Roads received 11.87 per cent, cities, special districts and road improvement districts got 18.676 per cent, the county general fund 5.447 per cent, bridge fund 1.065 per cent, salary fund 2.13 per cent, interest and sinking fund 2.13 per cent, advertising 40 per cent, county park 27 per cent, hospital, state aid and health department 2.922 per cent.

SECTION TWO

\$294,925.24 BEING SPENT ON MUNICIPAL IMPROVEMENTS

\$579,452.22 Expended On City Work in Santa Ana in 1925, Report Reveals

PAVING TOTALING 10.31 MILES LAID

Numerous Streets Paved During Year, Statistics From Neff's Office Show

City Improvements now under way in Santa Ana aggregate \$294,925.42 in value, the annual report of Nat H. Neff, city engineer and street superintendent, shows.

During the year just closed, 10.31 miles of pavement were laid. The total value of all improvements made in the community during the year approximated \$579,452.22 in value, the Neff report reveals.

Streets Paved in Year.

Following are the streets paved during 1925: Bishop, from Oak to Kilson; Wakeham, from Oak to Kilson; Hesperian, from First to Fifth; West Fifth, from Artesia to P. E. tracks; Orange, from McFadden to Edinger; Cypress, from McFadden to Edinger; North Broadway Park, entire tract; North Lyon, from First to Palm; Shelton, from Sixth to Eighth; Baker, from Eighth to Seventeenth; Garnsey, from Fifth to Sixth; South Van Ness, from Fairview to north line of tract No. 352; South Olive, from Edinger to Borchard; Borchard, from Flower to Olive; Artesia, from First to Myrtle; West Walnut, from Artesia to east end of tract; West Pine, from Artesia to east end of tract; Bishop, from Kilson to Halladay; Wakeham, from Kilson to Halladay; Hickory, from Wakeham to Bishop; Hickory, from First to Chestnut; Santa Clara, from Main to Greenleaf; Washington, from Lowell to Artesia; Artesia, from Fifth to Washington; Eighth from Artesia to Bristol; Ninth, from Artesia to Bristol; Sixth, from Artesia to Hesperian; East Santa Clara avenue, from Bush to Lincoln; Spurgeon, from Santa Clara to Edgewood; Santiago avenue, from Santa Clara to north city limits; Valencia, from Edgewood to 1000 feet north; Wellington, from French to Polinetta; Lacy, from Wellington to Washington; Van Ness avenue, from Walnut to Fourth; Van Ness avenue, from Eighth to Washington; South Ross street, from Fairview to north line of tract No. 352; Kilson drive, from Wakeham to Bishop.

Pavement Classified.
Classification of pavement laid to date is as follows: Portland cement concrete, 202,994.54 linear feet or 6,691,448.66 square feet; asphalt concrete, 47,345.73 linear feet or 1,521,225.45 square feet; concrete base with asphaltic top, 75,563.33 linear feet or 3,396,360.19 square feet; petroleum and rock and oil, 40,480.04 linear feet or 1,608,587.77 square feet; Portland cement concrete alleys, 3,962.00 linear feet or 50,543.00 square feet.

The work under actual construction includes Maple street from McFadden street to Edinger street at an estimated cost of \$17,640.03; Stanford street from Main street to

New Freight Service For County Asked

A freight service from Riverside, Redlands and Colton to Fullerton, Anaheim, Santa Ana and the Orange county harbor district, which will serve more than 15,000 persons annually, will be installed in the near future if the petition of Adam Baker who is applying for a franchise to operate the truck line is granted by the railroad commission.

Residents of the Newport Harbor district journeyed to Corona today to testify to the need of the truck line service. According to a statement furnished the Orange County Harbor Chamber of Commerce recently by Baker, more than 15,000 persons visit Newport Beach and Balboa each year from Redlands and Riverside and surrounding territory. Many of these people move their furniture to the beach for several months, and all of them are obliged to take considerable baggage, it is pointed out. It is for this reason that Baker is applying for a franchise to operate a truck service. The service will be for light loads only, it is claimed.

ALTERATIONS AT FIFTH AND MAIN STARTED

Remodeling of the Medlock building at the northwest corner of Main and Fifth streets started this week under the direction of Contractor Justus Bircher and Architect Frank Lansdown. The improvements will total \$10,000.

A one-story addition will be placed at the rear of the Fifth street portion, the various store rooms will be altered, a new entrance will be built, the exterior will be given a coat of stucco and the upstairs portion, which is given over to rooms, will be retinted. The improvements will be completed in six weeks' time, it is estimated. The property is owned by Mrs. J. R. Medlock and Mrs. Clarence Gustlin.

COMMENCE WORK ON FINE BUILDING

Horace Fine and Walter R. Fine, owners of the business property on the southeast corner of Fifth and Broadway, this week started remodeling of the room cornering on Fifth and Broadway. Herbert Strawn is in charge of the remodeling work. Frank Lansdown, architect, drew the plans.

The owners have extended their plans to include remodeling of the fronts of four store rooms to make them uniform. The exterior finish will be of stucco, with three-tone paint work. In the opinion of the architect, the completed job will make the Fine brothers' property one of the most attractive one-story business structures in the city.

SUPER-POWER REPORT

An important investigation just completed under the direction of George K. Burgess, director of the United States bureau of standards, shows less harmful effects from high power broadcasting stations than had been expected by this bureau.

MANY HOMES BEING BUILT IN DISTRICT

Section Bounded by Lowell, Flower, Washington and Eighth Growing Rapidly

The district bounded by Lowell street and Flower street, on the north by Washington street and on the south by Eighth street, has shown as remarkable a growth as any section of Santa Ana, approaching a state of unbroken rows of fine residences, according to astute followers of civic development.

The bulk of this development has come within the past six months, especially between Eighth street and Tenth street, and at the present time, there are but few lots remaining.

The architecture, which is decidedly diversified, covers practically every period and type. The class of homes is uniformly high, all of the houses ranking in the \$5000 or over classification.

The district is marked by finely paved streets, sloping green lawns and spreading shade trees, adding to the beauty and attraction of the select neighborhood.

Property values, according to those in a position to know, have increased with the stream of building and further advances can be expected during the present year, it is believed, as development spreads out and beyond the present lines of construction.

This section is looked upon as one of the last close-in residential tracts which is believed to be partly responsible for its almost magic settlement.

The fact that this district has been looked upon favorably for the location of one of the proposed city parks has done much to add to its attractiveness, both from the angle of home ownership and investment, it was said.

The principal residence in this tract, regarded as one of the most beautiful homes in Santa Ana, is owned by Joe Lowell, who subdivided the district a little more than a year ago and who pioneered construction in the locality.

The proposed opening of Flower street would provide another through artery of traffic, in addition to those existing at Washington and Eighth streets.

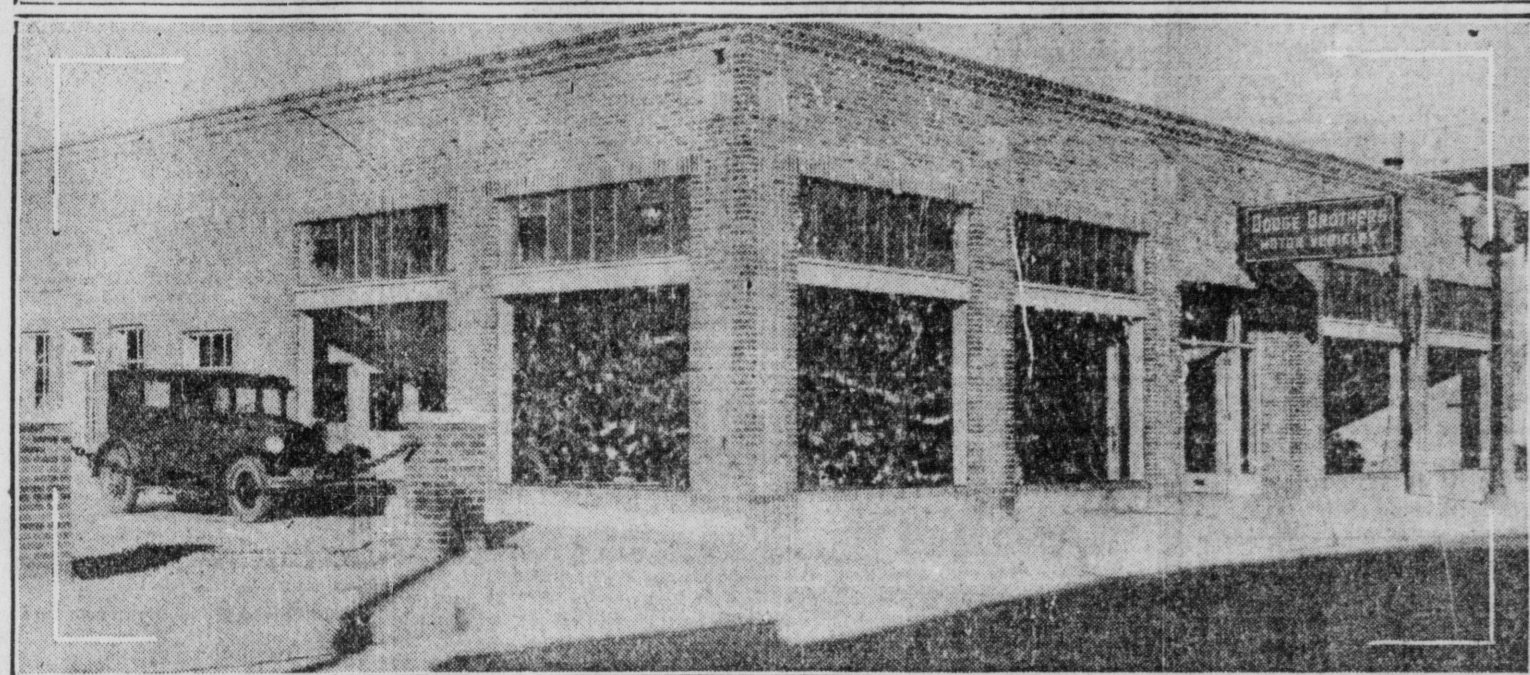

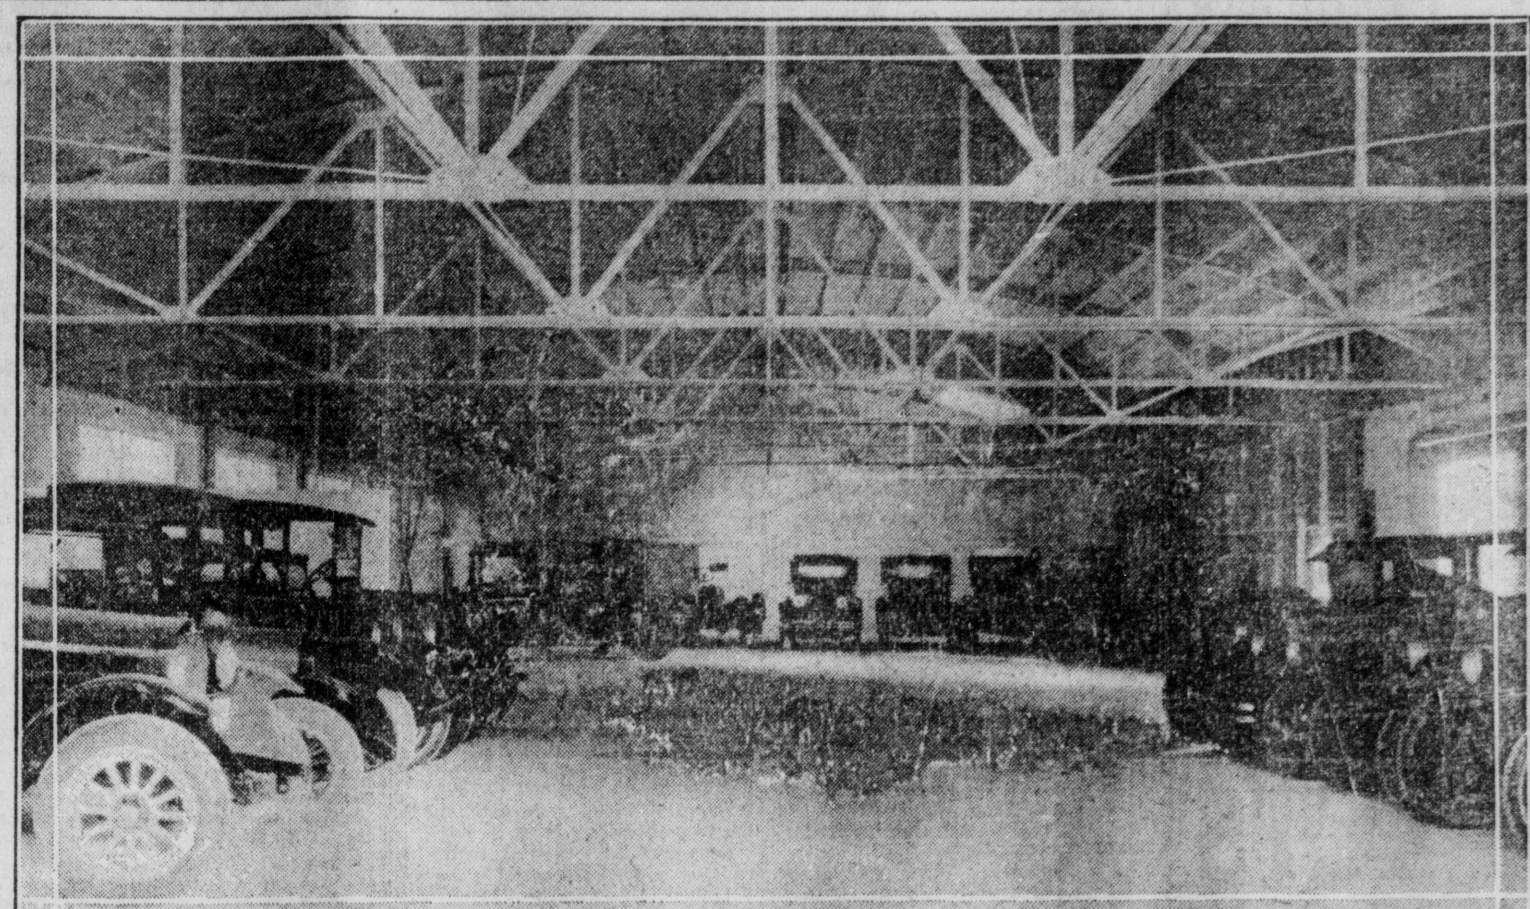

The two corner lots at the junction of Eighth street and Lowell street have given the aspect of "newspaper row" to that particular locality. The new homes are being built by George Hart and Merle Hussion of The Register editorial staff and a third member of the newspaper force is contemplating the erection of a fine home in that neighborhood, it was reported.

The seven-room Spanish bungalow type house at the northwest corner of Eighth and Lowell is owned by Hart. The seven-room house on the corner and across the street, now in the course of construction, is owned by Hussion. The contractor for both homes is W. H. Dixon.

Hart, who is the courthouse reporter for The Register, has finished his home in the most modern manner, a feature of his residence being a fine sun porch, while attractive and artistic design has been employed throughout the interior of the house. The exterior will be finished in tan stucco. A red tile roof will be used.

Other fine homes in this section, built by the Santa Ana Improvement company, include the residences of Warren McCarty, 921 Lowell street H. M. Secrest, 921 Lowell street W. I. Ridgway, 819 Lowell street. William Croddy, manager of the improvement company, said he believes the section to be the most attractive for a new home in Santa Ana. The Victor Walker residence is also a new addition in the Lowell tract.

AUTOMOBILE AGENCY MOVES INTO HANDSOME NEW STRUCTURE AT FIFTH AND SPURGEON STREETS

The L. D. Coffing company, county distributor for Dodge Brothers cars and Graham trucks, today moved into its new building on the northeast corner of Fifth and Spurgeon streets, location in the new home being co-incident with the revealing of new low prices for the line. The upper picture shows a portion of the storage room, the full size of this room being 57x150 feet, with entrance on Spurgeon street. The lower picture shows the Fifth street front and a section of the west side of the building.

FOUR RESIDENCES TO COST \$16,000

Sixteen thousand dollars will be expended by Mrs. Jesse J. Barr, of 1403 South Ross street, in the construction of four residences and a garage at 303, 307, 311 and 315 Wright street.

The Barr dwellings will each have five rooms. All buildings will be of stucco construction, of Spanish design. Construction work is scheduled to commence at once.

A house and a garage to require the expenditure of \$3500 will be erected at 1524 West Sixth street by Warren Chase, of 1531 West Sixth street. The residence will have five rooms.

O. H. Royer, of 1712 West Eighth street, will erect a five-room house and a garage at the same address at a cost of \$3000. Construction will be by day work.

A. J. Visel, of 1120 Bush street, will expend \$2800 in making alterations and repairs to the residential property at 122 East Twelfth street.

OPENING OF COFFING FIRM'S HOME IS SET FOR TOMORROW

Co-incident with the announcement today of substantial reductions in the prices quoted on Dodge Brothers products, the L. D. Coffing company, county distributor for Dodge Brothers cars and Graham trucks, moved into its handsome new agency quarters on the northeast corner of Spurgeon and Fifth streets.

Official opening of the new home is announced for tomorrow, when the company will show a full line of Dodge Brothers cars and Graham trucks. The display will include two types of sedans, each in the standard and special models, coupes, roadsters and touring cars. The truck line includes 1 and 1 1/2 ton trucks.

The new building has been completed at an approximate cost of \$20,000, the owner and builder being George R. Wells estate, with George R. Wells directing the operations.

(Continued on Page 11)

BARR RE-ELECTED INTERSTATE HEAD

O. H. Barr, president of the Barr Lumber company and the Santa Ana Building and Loan association, was re-elected president of the Interstate Finance company, at the annual meeting of stockholders held Tuesday at the offices of the company, 307 North Main street.

According to A. J. Hallum, secretary and general manager, the organization has had a most successful year, a substantial increase in the volume of business being reported. The company was organized in August, 1923, and has paid semi-annual dividends since starting, the distribution being 5 per cent every six months on par value of the stock. The company buys and sells all kinds of commercial paper, dealing particularly in mortgages and trust deeds.

Other officers chosen at the annual meeting were George F. Munro, capitalist, and Frank J. Was, vice president of the First National bank, vice presidents; Charles F. Hill, president of the Excelsior Creamery company, treasurer; J. E. Liebig, director of the Orange County Trust and Savings bank and a director of the Excelsior Creamery company, assistant treasurer, and Charles F. Smith, capitalist, member of the board of directors.

REALTY BOARD TO ELECT ON FRIDAY

Realtors of Santa Ana and vicinity indicated with the Santa Ana Board of Realtors today were preparing to attend the weekly meeting of the organization at Kerner's cafe, at noon, tomorrow, and participate in the election of new officers to serve for the year.

The board will elect a president, three vice presidents, secretary, treasurer and three members of the governing board of the multiple-listing bureau.

James E. Livesey sr. has had a successful year as president of the organization, but as it has not been the custom of the body to continue the same man in the office of president in consecutive years, it is anticipated that some other member will head the group.

Nominations will be made from the floor. Among those mentioned as a possible successor to Livesey are Asa Hoffman, Carl Mock, A. B. Rousseau, H. J. Selway and J. C. Wallace.

W. B. Martin secretary for two terms will be returned for a third term, it is predicted.

Shears, Knives, Saws Sharpened. Fix-it Shop, 105 E. 3rd.

INCREASE IN BUILDING IS PREDICTED BY EDITOR PRINE

Orange County Builders Told Money Plentiful For New Structures

L. A. WRITER GIVES OPTIMISTIC TALK

L. A. Exchange Officials Attend Anaheim Meet; Schaniel Introduced

With general business conditions greatly improved and with a decided renewal of tourist travel from the east, the building trades of this section may look forward optimistically to a corresponding increase in building activity during the year.

This was the forecast of W. E. Prine, of Los Angeles, editor of the Southwest Builder and Contractor, made in the course of an address delivered Tuesday night before members of the Orange County Builders' exchange at their regular monthly meeting, in the Elks' clubhouse, Anaheim.

Says Sanity Needed
Qualifying his predictions, Mr. Prine called attention to the loose business methods which characterized the boom years of 1922 and 1923, stating that whether or not the tendency towards gradual improvement, now being generally shown, will continue, will depend largely upon the sanity, the close business methods and sound business acumen of those in the building trades and in other lines of commercial activity.

He stated that three factors must be considered before a legitimate building program may be undertaken. These, he said, are general business conditions, current financial conditions and demand.

Business Improved
Business conditions are better now than they were a year ago, he stated. At this time last year, he pointed out, people were dominated by a psychology of economy which stopped buying on any scale comparable to the free and easy days of 1922 and 1923. This condition is now, he said, much improved and business is gradually improving.

Money for the financing of building activities is extremely plentiful, the speaker said. Any number of persons may be found with adequate funds anxious to invest their money in the construction of buildings from which, however, they expect to reap fabulous returns.

Demand Prime Factor
Demand, however, Mr. Prine stated, is the fundamental factor. Millions of dollars each year are sunk into mammoth structures built in anticipation of a demand that fails to materialize, with a consequent economic loss not only to their builders but to the community at large, he declared.

Cites Florida Travel Boom
Two of the outstanding adverse conditions that have handicapped the prosperity of the building industry during the past two years, Mr. Prine declared, are poor collections and the Florida land boom. Without an adequate population and without a population able to meet its obligations, no business can prosper and building activity will show a corresponding reaction, he declared.

Bursting of the Florida "bubble," expected in the not distant future, and general improvement in the financial welfare of the people of

"Grease Monkeys" & "Beezos"

Orange County Distributor for Diamond Tires

Now will time soon efface the memory of the day the Superintendent made requisition for a "Powder Monkey." He wanted that animal at once. Not having the slightest idea as to what he wanted, we went and got one, pronto.

Now enters the "Grease Monkey" and the "beezo." New developments bring in new phraseology. And perhaps, when the cross-continent Aerial Mail Service has gone beyond the seven pilots with their 2000 miles per diem, a whole flock of new terms will grow up with it. At present the mechanic (grease monkey) and pilot (beezo), are the most interesting.

Whatever the name, these men are examples of the sincere. No subterfuges go. They must do their work right. And that brings us to the same sincerity, shown by service, of the Diamond. It means continued satisfaction and has made it easy for me to personally guarantee them. And on this retreading we do, that goes double.

\$294,925.24 BEING SPENT ON CITY WORK

(Continued from Page 9.)

Maple street and Orange avenue from Edinger street to Pomona street at an estimated cost of \$12,016.54.

Surveys, detail plans and specifications are complete for the repaving with an eight-inch cement concrete pavement on East First street from Main street to Maybury street at an estimated cost of \$89,659.15.

Surveys, detail plans and specifications are complete for the paving with a five-inch Portland cement concrete pavement for the unpaved portions of East and West streets between Orange avenue on the east and Flower street on the west; Walnut, Pine, Chestnut, Camille, Bishop, Richmond, Highland and Cubbon streets at an estimated cost of \$90,000.

Surveys are complete and detail plans and specifications 75 per cent complete for the repaving with an eight-inch Portland cement concrete pavement on South Main street from First street to south city limits at an estimated cost of \$89,500.

Surveys are complete and detail plans 20 per cent complete for the paving with a five-inch asphalt concrete pavement on East Twentieth street from Spurgeon street to Santiago avenue and Valencia street from Seventeenth to Twentieth street at an estimated cost of \$22,500.

Surveys, plans and specification are complete for the paving with five-inch Portland cement concrete pavement of an alleyway between Main and Spycamore streets at an estimated cost of \$102.5.

Surveys, detail plans and specifications are complete for a main sewer along English street from Fifth street and along Eighth street from English street to Artesia street at an estimated cost of \$224,027.

Cost of Work Under Way.

The total amount of work under way totals \$294,925.24.

The total pavement constructed from 1895 to 1925 follows:

From 1895 to 1921, 165,981.39 linear feet or 6,271,192.69 square feet; during 1921, 8,843.34 linear feet or 505,196.43 square feet; during 1922, 24,234.10 linear feet or 776,367.96 square feet; during 1923, 27,867.79 linear feet or 837,238.76 square feet; during 1924, 31,550.11 linear feet or 3,074,304.64 square feet; during 1925, 55,319.44 linear feet or 2,104,197.88 square feet; total to date, 373,945.17 linear feet or 13,568,588.36 square feet.

This is equivalent to 70.70 miles of continuous pavement.

Jobs Finished in 1925

Work completed during 1925 includes:

Pavement completed, 10.31 miles; asphalt concrete pavement, 260,320.76 square feet; Portland cement concrete pavement, 1,817,515.13 square feet; amount expended for pavements, \$445,459.42; amount expended for sewer construction, \$35,822.82; amount expended for ornamental lights, \$31,109.68; amount expended for sewer farm well and irrigating system, \$10,090.30; amount expended for private contracts for sidewalks, curbs, sewers and pavements, \$56,400. These improvements total \$579,452.22.

Work completed during 1924: Pavement completed, 17.39 miles; asphalt concrete pavement, 523,295.26 square feet; Portland cement concrete pavement, 2,551,009.38 square feet; amount expended for pavements, \$729,866.82; amount expended for sewer construction, \$32,125.80; amount expended for ornamental lights, \$13,846.20. This totals \$775,842.82.

Extra Work Performed

Some extra work done by the engineering department during 1925, which is not a part of the regular routine work done by this office is listed below:

The compiling of redemption list of all street improvement assessment districts, carrying them out for the full 10-year period of the bonds. Some 100 assessments districts were compiled, each district averaging more than 20 individual assessments. This work is required by the county auditor each year and by compiling the entire assessments for the 10 year period, much time and expense will be saved in the future by eliminating repetition of work.

The compiling of an official map of the city, a much needed map and rather a cumbersome piece of work when considering the fact that the city has grown in area and more than doubled its subdivisions, etc., and that no similar map has been compiled since 1915.

The city engineer's records were never completely filed or indexed, and during the past year, these records have been housed in a fire proof vault and completely indexed. In order to give some idea of the task involved a few figures are given. There are approximately 27,000 sewer lateral locations, 4,500 maps and drawings, 120 street improvement proceedings, with each proceeding classified into 18 separate sections, 5000 street center locations and 6000 bench marks or control elevations.

A complete survey of the entire sewer system within the city has been completed. This survey has shown many branches and stub sewers that were not known of and in addition, has made it possible to detect the weak places in Santa Ana's system for future extensions of the lines.

CUT THIS OUT—IT IS WORTH MONEY

Send this ad and ten cents to Foley & Co., 235 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a ten cent bottle of FOLEY'S HONEY AND TAR COMPOUND for coughs, colds and hoarseness also free sample packages of FOLEY PILLS, a diuretic stimulant for the kidneys and FOLEY CATHARTIC TABLETS for Constipation and Biliousness. These wonderful remedies have helped millions of people. Try them! Sold everywhere.

Stage and Screen

A scene from "The Fighting Cub," current attraction at the West Coast-Walker theater.

WEST END THEATER

"Graustark" has come to life! The magic witchery of intrigue and romance which flowed so freely from the pen of George Barr McCutcheon has been imbued with the colors of reality and Graustark, the kingdom, and the story, lives upon the screen now at the West End theater.

And it is fitting that of all film-dom's great, Norma Talmadge should appear in the starring role as the lovely and lovable Princess Yette.

The production is particularly notable in three things: First that it takes Norma out of the character roles which won her added renown in "Secrets" and "The Lady," and brings her once more her admirers as the lovely, gracious, romantic character they like her best to be.

Second, that it brings to life one of the most celebrated novels of contemporary fiction—"Graustark," the McCutcheon story, which has been read by millions.

Third, that of all the photographs ever made from books, none has more religiously followed the original story.

YOST THEATER

No motion picture is complete without its mishaps.

But Reginald Denny, star in "Where Was I?" which is coming to the Yost theater tonight for a three-day engagement, declares that he had more than his share in the taking of this picture which William Sefton directed.

Two accidents occurred but neither proved serious. One part of the picture shows Denny pushing through the crowd on a subway station in an effort to reach the train. Denny was eager to make the train and the crowd was pushing hard to earn its money as extra when suddenly Denny toppled off the platform of the station into the way of the oncoming train.

The train could not be stopped and Denny was struck and carried along hanging to the bumper. Unfortunately, no cameras were set to photograph such a scene and could not be taken advantage of. The mishap occurred on the lot at Universal City and the train was running slowly but the tremendous weight on the wheels made the cars as dangerous as real subway trains.

Another accident which was funnier than serious was when Denny fell from the top of a taxicab. The scene called for him to crawl from the back of a cab, up over it and down onto the hood. When he got on top the driver unexpectedly struck a hole in the paved road and Denny was sent flopping to the ground with a great rattling of tin. There was no damage.

In the cast of the picture are Marian Nixon, Pauline Garon, Tyrone Power, Lee Moran, Chester Conklin, Otis Harlan, William H. Turner, Tom Lingham, Arthur Lake and James Corrigan.

WEST COAST-WALKER

A great vaudeville show opened yesterday at the West Coast-Walker theater.

The Three Devers have a novel dancing divertissement which includes a versatile showing of steps with syncopated shuffling and eccentric toe dancers. They also include burlesque, Spanish and French Apache dances. There is something about their style, mannerisms and ability that shows training, experience and class.

Everyone likes good singing and for that reason we have no hesitancy in saying that the Emerald Four will be a rare treat. Their voices blend beautifully together, and they have appearance and youth combined with exceptional voices.

George and Lillian Whitney present a comedy skit, "Let's Have Some Fun." This clever couple have arranged an offering of comedy and a song or two at the proper time which makes an entertaining offering.

A comedy musical offering presented in an original manner is offered by the Marco Brothers. These two clever artists speak not one word but their pantomime comedy proves a refreshing novelty.

Closing the bill is the Roulette Trio with something new, something different which makes the act stand out above the usual. The difficult stunts done by this trio are always received with the highest appreciation.

On the screen a brilliant melodrama of newspaper life is offered, "The Fighting Cub" with Wesley Barry, Mary Carr, Pat O'Malley, Stuart Holmes and Mildred Harris furnishes as many if not more thrills ever in a single production. Tomorrow and Saturday Rintin-Tin, the wonder dog, will be seen in his latest feature picture, "Below the Line," in conjunction with five acts of vaudeville.

TEMPLE THEATER

Plays may come and plays may go but the farce comedies are the sure fire attractions of the day. Such is the popular play that the Connell comedians are offering this week at the Temple "Charley's Uncle."

From a farce standpoint this play is a great one in every respect, the action is fast and the fun is from certain to certain with just enough story to please the young as well as the old.

Beginning Sunday matinee, Man-

ager Bob Connell has arranged to present the year's most popular comedy-drama, "The Sap." This play comes to Santa Ana with a record hard to equal. Connell believes it is the greatest play that he has had the pleasure to produce, having directed it in Los Angeles the week that Edward Everett Horton closed at the Majestic theater. This play set an attendance record at that theater and proved to be a great favorite over the entire country.

Millie Hart, Fay Life and Marian Sutherland will be cast as the three sisters who live in a small, three-room flat in a small town and they have the usual family rows that arise from the lack of money.

Bob Alderman who will play "The Sap" is called on to deliver some of the finest work of his career. Donald Wilson and Harry Schrumm, the director, also have parts that are bound to please.

Oil Company to Begin Campaign

Appointment of C. J. Read, formerly owner and publisher of the Daily Post at Idaho Falls, Idaho, as advertising and exploitation director, was announced today by R. S. Macmillan, president of the Macmillan Petroleum Products company with general headquarters and refinery at Signal Hill.

Coinciding with this announcement, which followed a conference with S. M. Batterson, secretary-treasurer, and other officials of the company, it was also announced that an extensive advertising campaign is about to be launched in Long Beach and Santa Ana.

Mr. Read announced today that Jack Horner, president of the Horner-Roper Advertising agency, of Long Beach, had been retained to handle the preparation and placement of all the company's advertising and publicity copy.

Court Is Amazed By Child Prodigy

MADRID, Jan. 7.—Eleven-year-old Hildegard Fernandez Carballeira, who matriculated at the university at the age of seven, now has finished three of the necessary courses for the Bachelor of Arts degree, and is receiving the applause of court and country for her precocity.

Hildegard is credited with having learned to read at the phenomenal age of eleven months. Her latest triumph was a special session of the Federated Society for the Protection of Animals and Plants, convoked to award her individual honors. The Royal Princesses Beatriz and Cristina presided, and delivered to the child prodigy a special prize for attainment in literature.

At this meeting, Hildegard drew enthusiastic acclamation from the audience with an address. She is an accomplished linguist and has devoted much of her talent to the piano.

RUSH WORK ON NEW DEL MONTE HOSTELRY

Here is a model of the new Hotel Del Monte, exactly as it will look when it throws open its doors on April 15. Work on the new building, which will replace the one destroyed by fire a year ago, is progressing at a rapid rate. Guests are being cared for as usual in the two large wings which were left intact by the fire.

ACTIVE LOANS OF LOCAL FIRM ARE INCREASED

The Santa Ana Building and Loan association increased its active loans a little more than 100 per cent in the two-year period between January 1, 1924, and January 1, 1926. It was revealed today by Cotton Mather, secretary, in announcing that the annual meeting of stockholders would be held February 11, at 7:30 p. m., at the offices of the company, corner of Fifth and Sycamore streets.

Active loans on January 1, 1924, were \$130,800, and on the first day of this year they were \$286,773, the secretary disclosed in pointing out that the new institution has made rapid growth since its organization here in March, 1923. Assets on January 1, 1926, were \$310,985.49. The company increased its assets more than \$100,000 during the 13 months just closed, and Mather today predicted an increase of \$150,000 this year.

Pointing out that installment stock owners and purchasers of investment certificates are protected by the guarantee capital of \$125,000, Mather called attention to the apportionment of 7 per cent annually to guarantee stock, 6 per cent to investment certificates and 7.2 per cent to installment stock.

"In the short time we have been operating, we have made 127 loans, 94 of which were for the construction of new homes in the city," the secretary said. "Financing of 94 new homes in the city indicates the value of the association to the community. The record is one of which the officers are very proud."

"We have progressed, also, in that we have moved to a much better location and into offices more in keeping with our line of business, and we have done this without increasing expenses to any great extent."

"The building and loan examiners who went over our books quite recently were liberal in their praise of our association, its growth, condition, and the satisfactory way in which our accounts are kept."

"The demand on us for loans at this time is very heavy, and we hope to meet the demand by an increase in the purchase of our investment certificates, which draw 6 per cent annually, and which may be cashed at any time by purchasers."

O. H. Barr, president of the Barr Lumber company, is president of the loan association, and L. L. Lostutter is vice president. In addition to the officers, the board of directors is composed of C. S. Crookshank, George Dunton, C. W. Ralston, George F. Munro and W. A. Taylor.

BIG INCREASE IN BUILDING SEEN

(Continued from page 9)

Southern California, were cited by the speaker as two factors which might be expected to have a very favorable influence upon general conditions during the year.

L. A. Men Speak
F. F. Stroup, a director of the Los Angeles Builders' Exchange, and Paul Longworthy, secretary-manager of the Los Angeles organization, were present at the meeting and spoke briefly upon the plans of the parent exchange for the coming year.

Morris Phillips, of Santa Ana, presented a number of vocal solos during the dinner hour and led the members in group singing.

Elmer Schaniel, of Santa Ana, recently elected secretary-manager of the Orange County Exchange, was introduced by President O. T. Moore.

Shepherd Opens Estate Battle

CHICAGO, Jan. 7.—William D. Shepherd's fight for possession of Billy McClintock's \$1,000,000 estate opened in circuit court yesterday. Marie Gartner and Eva Nelson, maids in the Shepherd home, testified they witnessed the will which Billy signed and which Shepherd is now seeking to have accepted by the court.

We pay cash for Naval Oranges. Clarence G. White, East Fourth St. and Santa Fe tracks. Tel. 69.

Jackson-Post System Hair Growing. Smith & Magill, 209 Sycamore Building, Phone 261-J.

Grand Opening of Hotel Del Monte Is Set For April 15

DEL MONTE, Jan. 7.—The new and greater Hotel Del Monte, successor to the structure destroyed by fire a year ago, is rapidly nearing completion on the famous Monterey peninsula and, according to the present plans, the grand opening will be held on April 15.

The new Hotel Del Monte, it is claimed, will be one of the most beautiful hostels in the United States, with every modern feature embodied in the building. It has been designed that each room will receive an abundance of sunshine during practically the entire day. It will be of white cement with a heavy tile roof.

In the main building will be 96 rooms, and as there are 110 rooms in each of the two wings in which guests are housed at present, and 50 in the nine cottages which surround the main building, the total number of rooms available will be 366 with a capacity of 600.

The building is of Spanish architecture, fire-proof throughout and 350 men are working day and night to rush the work to completion.

On the main floor will be a large entrance porch, while a luxurious sunporch will open onto a terrace on the south side and extend over the passage to the wings. This porch, incidentally, is on the same spot as the old one. Two sunken gardens will be seen on either side of the main building. From the hotel lobby a full view can be had of the Roman Pool. The windows in the lobby are twenty feet in height and two paintings by Francis McComas, the famous American artist, will decorate the main window. The room will be of Spanish design, with a beamed ceiling.

The main floor lounge has paved terraces on both sides and will be decorated with the finest of Groesbeck murals. The pictures depict the landing of Cabrillo on Monterey peninsula. This room will have a coffered ceiling. The dining room, which is situated next to the main floor lounge, is 210 feet long, 49 feet wide, and from ceiling to floor will be 27 feet. It will have four decorations of tile, one of them being the fountain which is seen near the entrance. The ceiling will be of Spanish colonial design.

The ground and main floors will be tied together by two elevators and three massive staircases. Two service elevators will service all of the rooms.

In the tower, from which a magnificent view can be had of Carmel, Pebble Beach and a wide sweep of Monterey bay, there will be a Spanish banquet room. A

staircase and two elevators will permit of access. Above the tower room will be a covered terrace.

BURNS CHEF'S HAIR

BUENOS AIRES Jan. 7.—A customer in a local restaurant, angered at finding a hair in his soup, dashed into the kitchen, grabbed the chef and held his head over the fireplace, burning all of the hair from his head.

Fifty-two per cent of all plate glass produced is used in motor vehicles.

FOR SALE AND INSTALLED BY

J. D. Sanborn

520 East Fourth Street

OPENING IS SET FOR TOMORROW

(Continued from page 9)

The company has arranged a very attractive used car lot on the vacant portion of the corner, and will use the space exclusively for the resale of used cars coming into its possession.

Indicating preparation by the company for giving the most complete service possible in the repairing and servicing of cars, the company has installed new and modern machinery, at a cost approximating \$7500.

In anticipation of the reduced prices stimulating still greater interest in the Dodge Brothers line, the local sales force has been enlarged, according to L. D. Coffing, president of the company.

The salesmen are William Dilley, Walter Dilley, L. B. Richardson and Robert Fisher. H. E. Grabe is in charge of truck sales. Al Van Eng is foreman of the garage shop. Andy Adams is at the head of the stock department and G. W. Lieve directs the bookkeeping department. Oscar Kipl is in charge of sales of used cars and is assisted by G. C. Giffin.

The following furnished material for the building: Hill and Son, plumbing; Barr Lumber company, lumber; Kelly Roofing company, roof; Robertson Electric company, wiring; Yeager Rock company, gravel and rock; Charles W. Winter, painting; W. Wright, brick contractor; McFadden Hardware company, building hardware; E. E. Patmor, plastering contractor.

Lawn Mowers sharpened. Fix-it Shop, 105 E. 3rd.

Ask your grocer for Pan-Dandy Bread. Gee, but it's dandy bread.

HOW TO ANSWER BLIND
CLASSIFIED ADS
(for instance, L. Box 38, Register, or
for other similar addresses), please
be careful to use the practice ad-
dress given in the ad. Write ad-
dress plainly. Letters brought to
the Register office can be supplied
stamps. Always include your an-
swer in sealed envelope.
F. F. (TIL)
If an advertiser who has made
application for credit and opened
an account with The Register Credit
department in the regular form
desires to have any "line" adver-
tisement published continuously
"until further notice" he may do so
by signing a "TIP" order to that
effect. An advertisement thus pub-
lished will appear regularly until
countermanded by written order.
The Register postoffice depart-
ment is conducted for the benefit
of patrons who wish answers to
come to the office. Advertisers are
furnished with identification cards
which must be presented at The
Register office. For the protection
of our patrons, replies are not
given out except on presentation
of box card.
No record is kept of the names
and addresses of patrons using
The Register postoffice, and there-
fore no information concerning
these advertisers can be supplied.
A charge is made for the words
"Box A-24, care The Register."

1926 PROGRAM OF KIWANIS IS DISCUSSED

Reversing the usual practice of committee chairmen reporting their activities for the year past, chairmen of new committees appointed by President Verne Whitson, of the Kiwanis club, meeting yesterday at St. Ann's Inn, with Fred Forgy, retiring secretary, officiating as chairman.

A number of chairmen revealed plans for activity by their respective committees for the coming year, while others pleaded for more time because they had not been identified with their committees long enough to map out a program.

Urges Committee Activity.

Forgy declared that the success and efficiency of any club depended largely on the activity of the various committees, and he urged that during the coming year committees make every effort to be effective in the work assigned.

At conclusion of the reports, C. E. Smedley, chairman of the general program committee, announced that Will C. Wood, state superintendent of public instruction, would be the speaker at the club meeting on January 20.

Announcing R. K. Miles as song leader, Whitson presented the personnel of the standing committees, as follows, the first named on each committee being chairman:

Athletics—Le Roy Warren, Arnold Peek, Ed Vegely, Lee Boyle, A. F. Hill, George Cocking.

Attendance—Carl Mock, C. H. Dahlem, C. W. Rowland, J. S. Hill, H. J. Lowe.

Business ways and means—N. Beisel, Jess Goodman, John Knox, Otto Haan, B. R. Ford.

Classification—D. N. Kelly, A. J. Crookshank, J. E. Gowen, W. D. Baker, W. G. Knox.

Education—John Estes Jr., J. C. Lansdown, Cotton Mather.

Ethics—Phil Lutz, Dr. H. G. Huff, George S. Smith, Earl Wilson, A. F. Crowell.

Finance—H. G. Nelson, W. R. George, Dr. MacVicker Smith, M. B. Wellington, N. H. Neff.

Grievance—Wallace B. Sterling, A. B. Rousseau, W. D. Ranney, E. C. Phillips, Otto S. Russell, W. L. H. Benton.

House—Bob Fernandez, W. J. Kelly, Ray Miles, J. R. Wilcox.

Inter-club relations—A. F. Nowak, A. N. Zerman, W. L. Dugan, Herbert Davis, O. A. Haley.

Laws and regulations—Paul Williams, R. B. Newcomb, Charles D. McLaughlin, F. W. Newman.

Music—R. R. Miles, O. N. Robertson, L. R. Crawford.

Program—C. E. Dessery, Eli Singer, L. B. Babbitt, Fred Forgy.

Public affairs—L. R. Crawford, Maurice Enderle, H. Gerrard, Dr. F. E. Coulter, A. A. May.

Publicity—W. S. Kellogg, E. T. Mather, Ed McWilliams, G. A. Barrows.

Sergeant-at-arms—Charles Tibbets, E. A. Nos.

Wellfare—F. C. Blauer, J. A. Cranston, George Dunton.

Agriculture—H. L. Wakeham, J. T. Raitt, N. E. Mayhill, Fred Newcomb.

Block Standard Oil Investment On Technicality

SAN FRANCISCO, Jan. 7.—Suspension of the stock investment savings plan of the Standard Oil company of California, due to technicalities in the consolidation of Standard Oil and Pacific Oil companies, was announced in a statement from President K. R. Kingsburg, reaching 12,000 employees of the company.

It was explained at company headquarters here that the suspension was not to be regarded as an abandonment of the plan started five years ago, but was caused only by the necessity of forming a new company to effect the consolidation. The stock investment savings plan of Standard Oil was initiated in 1921, to run for five years, and would have expired automatically May 31, this year. Under its operation on that date, some \$30,000,000 worth of stock would have been turned over to employees.

Workers were allowed to allocate up to 20 per cent of their pay to this plan and the company placed 50 cents of its money for each \$1 of the worker's coin.

Pasadena Chest To Aid Victims Of Stand Crash

PASADENA, Jan. 7.—Financial aid has been made available to sufferers of the Tournament of Roses tragedy here New Year's day.

The community chest, at request of the Pasadena chamber of commerce, voted \$5000 for victims of the grandstand crash in need of funds.

Gen. Charles McReeve, head of the local Red Cross, was appointed chairman of a special committee to administer the relief funds.

Preacher Fined For Mail Fraud

LOS ANGELES, Jan. 7.—The Rev. Baker P. Lee, former pastor of the defunct Christ Episcopal church here, was sentenced in federal court to pay a fine of \$2000 for alleged complicity in a \$600,000 mail fraud. Theodore C. Reid, president of the Ane-See Oil syndicate, drew seven months in the Riverside county jail for complicity in the same conspiracy. J. J. Berliner, treasurer, and J. G. Kirstan, secretary, were fined \$4000 each.

The sad of using a camera was started among women by the late Queen Alexandra.

Insurance and Realty Firm of S. A. Dissolved

The real estate and insurance firm of Prior and Sildoway has been dissolved. It was announced today by one of the principals of the firm, Sildoway has identified himself with Joseph Smith and will continue to operate in insurance and real estate.

Prior will continue his business at his agency headquarters, 208 West Second street.

SALESMANSHIP COURSE TO BE OFFERED AT Y.

Next Wednesday night, January 13, is announced as the opening occasion for the course in salesmanship and personal development, to be given at the Y. M. C. A. by Dick Carlson.

According to J. P. Baumgartner, chairman of the educational committee of the Y. M. C. A., this will be the third course of the sort given by Carlson at the local association. Carlson's work has been of such quality, and uniform helpfulness to those who have taken it, that there has been a continued demand for him to give the further opportunity to those who have not previously taken advantage of it.

The new course is to be a combination of rare value. In addition to the work by Carlson, there will be included a course in memory training, which will be presented to the class by Secretary R. C. Smedley. Last spring, Smedley gave courses in memory training to a large number of persons, many of whom found the work extremely helpful.

The plan of the new course is to devote 30 minutes of each lesson to memory training, followed by Carlson's lecture of an hour or more. The class will meet Wednesday nights at 7:30, for 10 weeks.

The opening lecture, next Wednesday night, will be a public affair, to which everybody is invited, without cost. Carlson's lecture will be on the subject, "The Game of Life," in which he will present a forecast of the entire course. Smedley will give an introductory discussion of the memory training course and will demonstrate some of the results which may be attained.

Our Neighbors

LONG BEACH—Long Beach will get a branch of the county clerk's office on January 13, Walter Desmond, president of the Long Beach Bar association, has been advised. This will permit the filing of all legal actions here, one of the things for which the bar association has been fighting since its organization several years ago. Whether deeds, mortgages and probate proceedings will be filed here for recording in the general office has not yet been decided, but it is believed this will be done. If it is it will save much valuable time to Long Beach residents, especially attorneys and bankers. There is some question whether the office will be authorized to issue marriage licenses.

EL CENTRO—All previous records for lettuce shipments on the San Diego and Arizona railway are going to be smashed this year, according to Charles P. Matlin, local representative. The best previous season's total was approximately 200 cars Matlin stated today. This year, well over 600 cars will be shipped, he said. There are two shipping sheds at Seeley, both of which are operating at full capacity.

WHITTIER—The navel orange shipments from the Whittier District fruit exchange are getting well under way for this season, and during the past week, approximately 16 cars of citrus fruit were shipped east. Nine cars were loaded with navel oranges and seven with lemons. The continued warm weather and unabated sunshine have tended to ripen the fruit and give it an exceptionally fine color and flavor.

SAN BERNARDINO—San Bernardino county Tuesday paid its second installment on the courthouse contract. The warrant, drawn for \$17,864, was issued to R. Westcott, the Albuquerque contractor, to whom the general construction contract was awarded at \$360,000. The first installment of \$4,312 was paid when the contractor began work on the site. The foundation of the new structure has been laid and workmen are now pouring the concrete in the wall frames. The cornerstone will be laid within the month, the officers of the San Bernardino lodge of Masons officiating.

CLAREMONT—One of the most successful years in the history of the College Heights Citrus association has just closed. The grand total for all varieties paid the growers at the door was \$1,700,000 for 1925. The members do their own picking and hauling. This figure is understood to represent the amount of their returns, the expense of packing and selling being added to the consumers' price after the grower has been paid in full. This net return is one of the largest experienced by the association. The orange production amounted to 210,125 packed boxes, including valencias, navels and minor varieties for the calendar year. This is an increase of about 45 per cent over the 1924 total, which was 146,130 packed boxes. Lemons credited to the College Heights Citrus association held to the aggregate figure of 119,525, compared with the 1924 mark of 94,400 packed boxes.

HELD FOR BIGAMY
OAKLAND, Calif., Jan. 7.—Warren J. Deane was arrested here on a charge of bigamy sworn to at Santa Cruz, after his two alleged wives motored there together from Los Angeles, where the second wife resides.

NEWS from ORANGE COUNTY

MORE NEWPORT BAY BERTHS IS DECLARED NEED

NEWPORT BEACH, Jan. 7.—This city is going to be forced to provide more berths for sailing yachts and small pleasure boats in the near future, according to Antar Deraga, United States coast guard stationed at the entrance to Newport bay.

Deraga yesterday brought a San Francisco boat from San Pedro to Newport harbor because no berths were available for the boat in the inner harbor at San Pedro. Several other boats, which have been stationed at San Pedro, have recently pulled up their anchors and sailed into Newport bay.

According to Deraga, more than 30 small pleasure boats have been ousted from their berths in the inner harbor at San Pedro and told to find a place in the outer harbor at San Pedro. Rough water in the outer harbor has aroused the ire of the boat owners, and they are thinking of coming to Newport bay en masse. It is pointed out by Deraga that if the 30 boats pull into the harbor here, the city will have to dig up some more berths.

A determined effort will be made to secure the boats for Newport bay. Pleasure boat activities on the bay here next summer promise to make Newport bay known as the foremost pleasure bay on the Pacific coast.

EL MODENA

EL MODENA, Jan. 7.—The members of the senior C. E. of the Presbyterian church of Orange were delightfully entertained at the home of Mr. and Mrs. F. M. Gulick, of East Chapman avenue, New Year's eve. The evening was spent in the playing of games and stunts. As the New Year was ushered in, the Rev. M. L. Pearson led the group in a short devotional service. There were 45 persons present.

The home of Mr. and Mrs. Geo. Wood was the scene of a happy family gathering on New Year's evening. An excellent dinner was enjoyed by the following: Mr. and Mrs. James Wood, of Orange; Mr. and Mrs. Ralph Bell, of Fullerton; Mr. and Mrs. John Broad, Mr. and Mrs. George Wood and children, Catherine and Roland.

Saturday Mrs. Henrietta Reep returned to her home in Alpaugh, after a pleasant visit with her daughter, Mrs. W. A. Settle and family. Her granddaughter, Miss Addie Settle, accompanied her home for a short stay.

Mr. and Mrs. R. C. Adams and daughter, Eva, spent New Year's day in Santa Ana with Mr. Adams' parents, Mr. and Mrs. John L. Adams.

Local young people are returning to college and teaching posts. Miss Marjorie Granger, Mrs. Josie Bolton and Miss Mary Short have returned to the college in Santa Barbara. Miss Short spent a part of her vacation with her mother in Los Angeles. Miss Elsie Grist, a teacher, has returned to Pasadena. Ritchy Barnett has gone to Owensmouth.

Miss Hazel Barnett is back from a visit at her home in Whitesboro, Tex. Miss Barnett is a teacher in the schools here.

Mrs. Nancy Marshburn and her daughters, Miss Eva and Mrs. Herbert Van Horn and two children, of Chino, were visitors at the Douglas Marshburn home recently.

Mr. and Mrs. Carl Hildith, of San Diego, visited at the Rev. T. J. Coburn home Sunday.

Theron Willis has returned to his home in Colusa, after a visit with relatives during the holidays. Mrs. Willis will remain in the south for a visit with her mother, Mrs. Etta Short, of Los Angeles.

Mrs. Kate Reynolds spent part of her vacation with her son in Los Angeles.

Mr. and Mrs. Claude Hunter, of Oakland, visited Sunday and Monday with Mr. Hunter's sister, Mrs. E. R. Berry.

Miss Ruth Reed has spent the holidays with her parents, Mr. and Mrs. W. P. Read.

Sunday afternoon, Miss Edith Culter, Miss Irma Moody, Miss Ruth Broad and Mr. and Mrs. John Broad attended the meeting of Christian Endeavor members at the Presbyterian church, in Orange.

Mr. and Mrs. Mike Perez moved to their new home on East Vine, Monday afternoon.

Harry and Helen Smith have gone to Texas for a visit with relatives.

E. D. Waffle had as company Sunday, his daughter, Mrs. Lacy and granddaughter, of Santa Ana. Word has been received of the marriage of Miss May Adams and James E. Wheeler, of Gridley.

The wedding took place on New Year's eve at the United Brethren church, Gridley.

Reveal Ban On Use Of Airguns

FULLERTON, Jan. 7.—Attention has been called by the Fullerton police department to an ancient ordinance, which forbids the use of airguns within certain limits in Fullerton. This ordinance, passed in 1904, was unearthed at the city council's meeting Tuesday evening, when a complaint was presented that boys in several neighborhoods were not aiming their Christmas gifts with necessary discretion. It was stated that since Christmas, a variety of airguns have been made their appearance, and have become a general nuisance.

The taboo district, according to the ordinance, extends from Chapman avenue on the north to the city limits on the south and from Highland avenue on the west to Balcom avenue on the east.

TWO FIVE-ACRE ORANGE GROVES BRING \$23,500

ANAHEIM, Jan. 7.—Sale of two five-acre orange groves near this city at an aggregate consideration of \$23,500 was announced this morning by Howard and Nenko, local realtors.

J. D. Kopsho, of this city, is given as the purchaser of the five-acre grove belonging to Frank W. Smith and located on Olive road west of the city. The consideration involved was \$15,000, it is said.

The tract of land owned by A. H. Rothaemel, of Fullerton, and located on North street, this city, was purchased by A. A. Parks at a consideration of \$8,500. It is reported that this tract is set to oranges and the remainder is bare land.

GARDEN GROVE

GARDEN GROVE, Jan. 7.—Mrs. Walter Dungan and Mrs. Clifton Bryan were joint hostesses at a New Year's eve party at the home of Mr. and Mrs. Clifton P. Bryan.

Those gathered for the merry watch party were Mr. and Mrs. L. A. Aubuchon, Mr. and Mrs. Elmer Hall, Mr. and Mrs. Harold Rosseter, Mr. and Mrs. Rollin Hovenell, Mr. and Mrs. Clifton Bryan and Mr. and Mrs. Walter Dungan.

Delicious refreshments were served by the hostesses.

The regular monthly meeting of the official board of the Methodist Episcopal church was held in the church on Monday evening. The regular routine business was transacted.

Mr. and Mrs. G. R. Reyburn and Miss Ethel Archer attended a dinner given by the second travel section of the Ebell club, at the Ebell clubhouse in Santa Ana, Tuesday evening.

Mr. and Mrs. P. N. Larson accompanied their daughter, Miss Norma, to Pomona college Sunday.

Mr. and Mrs. R. H. Summers, of Balboa Beach; Mr. and Mrs. B. Davis, of Alhambra, and Dr. and Mrs. F. E. Summers, of Garden Grove, were Sunday guests at the home of Mr. and Mrs. C. E. Henry.

Mr. and Mrs. Paul M. Locke and children, of Pasadena, were over Sunday guests at the P. F. Gallienne home.

Miss Ellen Dodson returned Saturday from Pasadena, where she spent a two week's vacation.

Clarence Le Barre has received his discharge from the navy and is home with his wife and baby in Garden Grove.

Mrs. G. L. Jones, of Anaheim, visited at the G. R. Reyburn home, Monday.

F. C. Thompson, of Gilbert, Ariz., arrived here by machine Tuesday and will spend several days looking after his business affairs. Mr. Thompson was formerly postmaster in the local office.

Mr. and Mrs. Edward Schneider, who have been living on the Avocencia ranch, have moved into the house formerly occupied by Mrs. Mary Winters on Pine street.

Mr. and Mrs. J. Walker Abbey, of Barstow, spent the week-end with Mrs. Abbey's father, Dr. C. C. Violen.

Mr. and Mrs. E. A. Humphrey and Mrs. Humphrey's mother, of Lodi, called at the home of Mr. Humphrey's niece, Mrs. Wayne Holt, Saturday.

Miss Lova Holt returned Friday from Taft, where she visited friends for several days.

Mr. and Mrs. P. F. Gallienne and two children enjoyed a New Year's dinner at the R. C. Huff ranch near Huntington Beach.

Mr. and Mrs. A. D. Hoenshel and daughter, Miss Helen, accompanied by friends from Occidental college, enjoyed an outing at Strawberry Flats over the week-end.

Mrs. C. C. Violett returned Tuesday from Tucson where she spent a week with her son, Malcolm Wharton and Mrs. Wharton.

Harold Lewis has returned to U. S. C. after spending the vacation with his parents.

Mr. and Mrs. A. D. Hoken, attended the Tournament of Roses and in the afternoon, witnessed the football game between Alabama and Washington.

Walter and Josh Dawson, of Ocho, Iowa, have gone to Redlands, after spending a week at the J. H. Kirkham home. They will visit here again before they return to Iowa.

MAIL BALLOTS FOR ELECTION OF DIRECTORS

FULLERTON, Jan. 7.—Nominations have been completed for five members of the chamber of commerce to succeed retiring directors of the organization, and election ballots are being mailed to all members whose dues are paid to January 1, 1926. The by-laws of the chamber provide that only members in good standing are eligible to vote at the annual election.

At a meeting of the nominations committee, comprising R. S. Gregory, Gurman Hoppe and Angus McAuley, yesterday afternoon, votes for nominations were checked. Of the 151 votes cast, the 15 following received the highest number: Dale R. King, R. H. Biggs, Robert Strain, H. H. Crooke, S. C. Hartman, Tom Eadington, Gaston Bastanchury, F. C. Krause, C. B. Hutchinson, Sam Collins, W. T. Boyce, Richard Volk, F. R. Carroll, H. G. Maxwell and Otto Evans.

Retiring members of the board are Angus McAuley, G. W. Finch, Waldo O'Kelly, Sam Collins and Dale R. King.

BREA DERRICKS CAUSE COMMENT

BREA, Jan. 7.—The two new derricks of the Union Oil company, on the Brea canyons side of the Stearns lease, have caused more comment among northern Orange county oil men than any dozen wells which have been started within the last five years, according to field reports.

Discussion of the published theory of the geologists that the deep sand production over in the Richfield district, five miles away, was draining the rich Stearns property, attracted the original interest in the two new locations, but recent rumors that the Shell company is to immediately offset any active work done by the Union have started discussions along an entirely different line.

Roughnecks, toolies, drillers, production men, superintendents, derrick builders and supply dealers have all had their say, and the whole thing boils down to a well-grounded expectation that a lively race will soon start between these two powerful companies along a far-flung battle line, to bring oil to the surface which has heretofore been considered in safe and cheap storage underground.

If only half the local predictions come true, 30 derricks will soon be active with the well-known possibility that the General Petroleum corporation, on the adjacent Tonner lease, which has been inactive for several years, might start an independent campaign with a few more strings of tools on the active list.

Seventeen wells are now being drilled in the Brea-Richfield district, two of which, the Shell-Menchago, and the Pameson well in the Richfield canyon, are considered "wildcats," outside proven territory, the other 15 being sure of production contingent on getting water shut-offs and overcoming mechanical difficulties in the hole.

Hold Services For Mrs. Young

ANAHEIM, Jan. 7.—Funeral services were held this afternoon at the Backs-Terry and Campbell chapel for Mrs. Iva May Young, 33 years, a prominent resident of this city, who passed away at her home, 313 East South street, early Tuesday.

Mrs. Young was the widow of Charles F. A. Young, a prominent attorney of Rochester, New York, who died several years ago.

Survivors include two daughters, Misses Iva C. and Irma, both of this city. Irma Young is a student of the Anaheim union high school and Iva C. Young is at present a student in the Fullerton Junior college.

Burial was made in Loma Vista cemetery. The Rev. Thomas H. Walker, pastor of the First Presbyterian church, this city, officiated at the services.

YORBA LINDA

YORBA LINDA, Jan. 7.—Mr. and Mrs. Everett Barnum spent Sunday and Monday at the ranch, returning to Needles Tuesday.

Miss Sallie Kinsman returned to Etanford, Sunday evening.

Mr. and Mrs. Robert Janeway, of Ramona, were called to Compton Sunday by the death of Mrs. Janeway's mother, Mrs. C. W. Gury.

Miss Dorothy Wilson left for Stanford, Sunday evening, the holidays at the home of her parents, Mr. and Mrs. Albert Wilson.

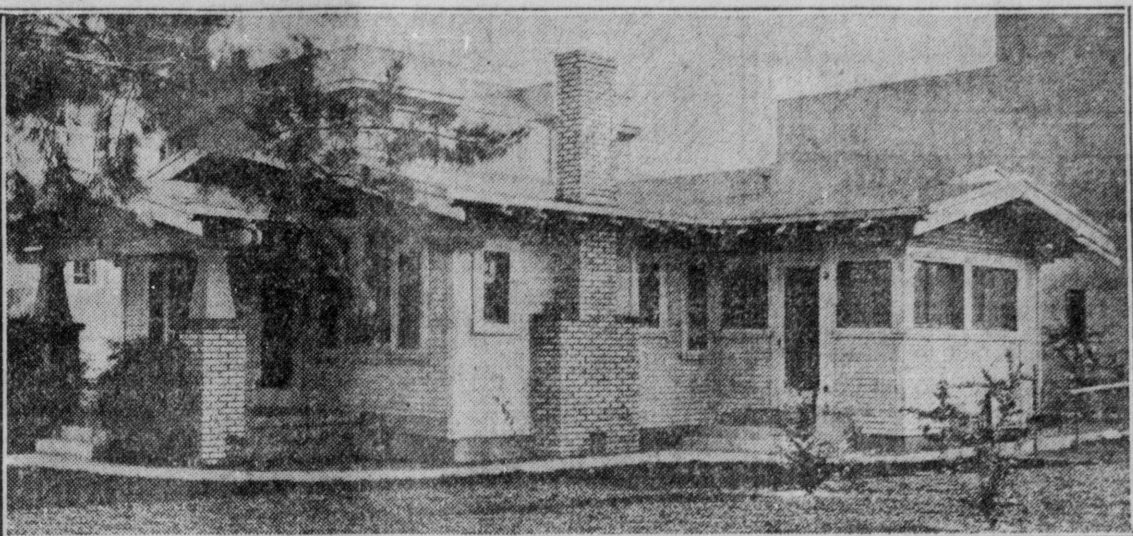

Otto Dyckman was a Los Angeles visitor Monday afternoon.

The Misses Frances and Nellie Shepherd returned to Stanford, Mr. and Mrs. G. W. Perry, of Lodi, spent New Year's here, the guests of their daughter, Mrs. Home Beach. Mr. and Mrs. Perry have decided to make this their permanent home.

Miss Helen Johnson, daughter of Fred Johnson, who was operated on for appendicitis, Saturday, is recovering nicely.

Vacuum Cleaners repaired. Fix-it Shop, 105 East 3rd.

GIRL STUDENTS AT FULLERTON HIGH ACQUIRE HOUSEKEEPING KNOWLEDGE

TEACHER, FIVE GIRLS OCCUPY MODEL HOUSE

FULLERTON, Jan. 7.—One home in Fullerton, located on North Harvard avenue, houses a different family each week. It is the model cottage on the Fullerton union high school campus, where girls who are specializing in home economics get practical experience in house keeping and home making. The bungalow was acquired about two years ago when additional property was purchased for an athletic field. With the advice of their instructors, girls who were then enrolled in the home management classes planned, and purchased furnishings for the house, made curtains, and planted shrubs about the yard. The amount allowed them by the school was carefully budgeted and produced results which astonished even the instructors.

Every Sunday evening a group of five girls and one of their teachers "move" into the cottage. For an entire week, they live there, preparing meals and sharing all the duties of house-keeping. On Wednesday evening, they entertain at dinner, each girl having one guest. Thursday evening, they ask their boy friends to call. The expense of meals is divided among the girls, and never exceeds four dollars for the week.

All special holidays and anniversaries are celebrated with little parties. During the Fulleide season, a party was given for the needy kiddies of the community. High school students donated gifts for a Christmas tree for this affair.

Each girl has her turn as "hostess" during the stay at the cottage. She must receive all guests, and in every way act as she would were she entertaining in her own home. This experience has proved especially successful in helping shy girls to overcome their shyness, according to Miss Eleanor Dunn, head of the home economics department.

BOY SCOUTS TO BE LEGION GUESTS

FULLERTON, Jan. 7.—Members of Boy Scouts troop No. 3, which is sponsored by the local post of American Legion, will be honored at the Northern Orange County Airport will be up for discussion.

Fullerton, Placentia, Olinia, Yorba Linda and Brea will appear for the first time on the official air map of the United States air service because of the establishment of a landing field in this district, which meets all the war department's requirements, according to Washington advisors, and every active reserve pilot in the service will get a copy as soon as the maps are off the press.

The port at present bears the name "Brea Airport" in letters 32 feet high on the roof of the hangar, but so much interest in aviation has been aroused in the entire district that a more appropriate name is being sought. Official recognition of the field by officials of the air service followed a successful air meet there last October, when the port was dedicated.

Leading pilots and flying enthusiasts will speak at the dinner meeting of the air club at McFarland's cafe Friday. Election of officers will be held, plans made to strengthen the organization, and a name selected for the airport which the club established.

CORONA DEL MAR

CORONA DEL MAR, Jan. 7.—Week-end guests at the Palisades were W. T. B. Campbell and family, of Hollywood.

Mr. and Mrs. James MacGilvray and family, Miss Elizabeth MacGilvray, Los Angeles, were in this locality for the greater part of the holiday as guests of the Jack Talts.

Mr. MacGilvray, who is superintendent of Lincoln park, Los Angeles, intends building a summer home here as soon as the lumber arrives.

Mr. and Mrs. Mustard, formerly of Indiana, spent the past week-end as guests of Mr. and Mrs. Kendall, of Los Angeles, who has a summer home here. Mr. Mustard is a brother of Mrs. Kendall.

Mr. and Mrs. William Noonan and the four little Noonans desire to thank the many people who so kindly contributed gifts of various sorts at the Christmas season, thus turning what might have been a gloomy occasion by reason of the mother's illness, into a happy one.

ASKS DELAY ON AIR FIELD NAME

FULLERTON, Jan. 7.—The map department of the United States Army air service was requested to wait two more days for additional information on the Loftus landing field, in a telegram this morning to air headquarters at Washington, D. C., from Frank Mason, secretary of the Brea Air club.

All the other information requested has been sent on, including field markings, nature of soil and scope of runway, prevailing winds and obstacles to approaching ships, proximity of telephones, telegraph and supplies. More time was asked, as the actual name of the airport will not be known until after the meeting of the air club tomorrow night, when the proposal to call the field the Northern Orange County Airport will be up for discussion.

Fullerton, Placentia, Olinia, Yorba Linda and Brea will appear for the first time on the official air map of the United States air service because of the establishment of a landing field in this district, which meets all the war department's requirements, according to Washington advisors, and every active reserve pilot in the service will get a copy as soon as the maps are off the press.

The port at present bears the name "Brea Airport" in letters 32 feet high on the roof of the hangar, but so much interest in aviation has been aroused in the entire district that a more appropriate name is being sought. Official recognition of the field by officials of the air service followed a successful air meet there last October, when the port was dedicated.

Leading pilots and flying enthusiasts will speak at the dinner meeting of the air club at McFarland's cafe Friday. Election of officers will be held, plans made to strengthen the organization, and a name selected for the airport which the club established.

CHILDREN EQUAL

LONDON, Jan. 7.—Girls and boys now share equally in the estates of their parents who die in estate under a new property act recently passed. Previously the eldest son inherited all real estate and only the personal property was divided among the other children.

"LOST HIS HEAD"

EASTBOURNE, Eng. Jan. 7.—A husband, arrested for desertion said that since he was wounded in the war he has continually "lost his head" and wandered away from home. "When I find myself I always return," he said.

Legionnaires Of H. B. Will Induct Newport Officers

NEWPORT BEACH, Jan. 7.—Officers of the local American Legion post will be inducted by a team from the Huntington Beach post. It was announced today by Theodore Robins, past commander and present chaplain of the organization, who is in charge of arrangements for the ceremony. The installation is to be held at the new Legion hall, January 19.

The final report of the building committee was made at the regular meeting of the local post Tuesday night and accepted by the organization. The hall was recently completed. Most of the work on the building was done by Legionnaires, it was revealed in the report.

ROTARY CLUB MEMBERS HEAR ANAHEIM MAN

FULLERTON, Jan. 7.—The Rev. Thomas Walker, of Anaheim, addressed the Fullerton Rotary club at its luncheon meeting yesterday in McFarland's cafe, urging each member of the service organization to "take stock" of himself, his personality and his character along with his merchandise.

"If you have a good idea of your past, you can make a safe prophecy concerning your future," he declared in pointing out the impression which each year makes upon one's character.

A group of Anaheim Rotarians accompanied the Rev. Walker to the luncheon. R. T. Davies presided as chairman during the program hour.

BUENA PARK NEWS

BUENA PARK, Jan. 7.—Mr. and Mrs. R. N. Cummins and family attended a theater in Hollywood, Tuesday afternoon.

Mrs. Minnie Montgomery and daughter, Nora, have moved into their new home in Homewood.

Mrs. Roy Wilcox, of Alhambra, visited her parents, Mr. and Mrs. B. R. Kratzer, Tuesday.

Mr. and Mrs. Morgan, of Ontario, visited his son, R. Morgan and family, Sunday.

Mrs. C. W. Kirvin and son, Charles, attended the matinee at Chapman's theater in Fullerton, Tuesday afternoon.

F. L. Armstrong, of Anaheim, was a business visitor here, Tuesday.

Sam Horn visited his uncle, H. S. Horn, Sunday.

G. J. Church, of Fullerton, transacted business here, Tuesday.

J. Atherton and family returned Monday evening from a visit of several days in Sacramento, San Francisco and Marysville.

Mr. and Mrs. J. H. Spohn and C. A. Spohn motored to Fullerton Tuesday morning.

G. P. Thompson was a business visitor in Santa Ana, Tuesday.

Miss Annie Miller, of Los Angeles, spent from Thursday to Sunday evening with her sister, Mrs. R. Morgan.

Mr. and Mrs. George Sonder and family visited friends in Los Angeles, Sunday.

C. H. Owens and family spent Thursday and Friday at Pasadena with Mrs. Owens' sister, Mrs. Tweedy.

Mrs. McGregor has returned from Los Angeles, where she has been visiting her granddaughter, Mrs. A. C. Teagarden.

Mr. and Mrs. E. A. Calloway and family have moved into their new home on Western avenue.

E. E. Thurman was a business visitor in Santa Ana, Tuesday.

ANAHEIM CITY CLUB OFFICERS ARE INSTALLED

ANAHEIM, Jan. 7.—E. H. Metcalf president-elect of the Anaheim City club, and other officers recently elected by the club were formally installed into office at a special ladies' night celebration held in the Knights of Pythias hall, this city.

Places were laid for approximately 100 persons at the banquet which was served at 7 p. m. by Pythian Sisters. The Rev. Virgil K. Ledbetter, pastor of the Calvary Baptist church, this city, presided as toastmaster and presented one of the principal addresses of the evening.

Other speakers were Herman Loehr, retiring president of the club, and the president-elect, E. H. Metcalf. All touched upon the past year's activities of the club and plans of the future.

Following a brief musical program, an orchestra provided music for dancing.

Officers installed last night in addition to the new president were: W. J. Elliott, first vice president; Harry Briscoe, second vice president; Clyde Williams, secretary-treasurer, and William Sperber Jr., sergeant-at-arms.

WESTMINSTER

WESTMINSTER, Jan. 7.—A school assembly was held yesterday morning for the first time in many weeks. There was a piano solo by Faye McCall, a girls' quartet sang and Ruth Melvin and Dorothy Darling sang a duet. The principal, Mrs. Ora L. Schieber, gave the students a talk, urging them to make and keep resolutions for 1926.

Bob Cavanaugh, who has been in the Artesia hospital for nearly a week, was brought to his home yesterday afternoon.

Mrs. Albert W. Knox and daughter, Freda, were guests recently in the home of Mr. and Mrs. Clarence Smith, Redondo Beach, Mr. and Mrs. B. T. Nuy of Manhattan Beach, and son, Paul, recently visited the Knox home.

A number of new books were received at the branch library Tuesday, among which were a collection of colorful new books for the younger patrons. There were 122 new borrowers during the year just closed. An average of 550 books per month are loaned from this branch, which is only open twice each week. Fines amount to an average of \$1.75 per month.

The latest report from A. L. Knight, who has been seriously ill in Long Beach, is that he is convalescing rapidly and expects to be allowed to return to his home here about Sunday.

Mrs. Percy Lawrence entertained Mr. and Mrs. R. L. Farnsworth and children, of Tustin, at dinner, Sunday.

Mrs. Floyd Morris and Mrs. George Whitcomb spent Tuesday in Long Beach.

Mr. and Mrs. G. W. Adams, and Mrs. R. L. Pollard with her daughter, Kathryn, were luncheon guests yesterday in Placentia with Mrs. Truman Kibler.

Mrs. Phil McClintock has recovered after a week's illness.

Westminster was without electricity Wednesday for almost half a day. Workmen were changing the transformers, as the lines were carrying too high a voltage.

Mrs. Bert Skinner is visiting her brother in San Diego.

Mr. and Mrs. Ed Cyr have returned from San Diego. Their daughter, Miss Betty, remained in that city, where she is employed.

Mr. and Mrs. Ralph Rumbold and Frank Skinner visited yesterday in El Toro.

EVENING SALUTATION

I reach a duty yet I do it not,
And therefore see no higher; but, if done,
My view is brightened, and another spot
Seen on my mortal sun.

—Robert Leighton.

SAUCER PEACH BLOSSOMS

It's not apple blossom time in Normandy, but it's saucer peach blossom time in Orange county.

Easterners here for a visit and unfamiliar with our fruits and flowers can't always believe their eyes. Long ago, in their home states, pessimists who can't believe anything good about California have taught them that they must not believe much that they hear about California. These pessimists haven't been quite so careful to tell them not to believe what they see, else our eastern friends here with us for a time that they may escape 'steen degrees below zero might not believe peach blossoms in early January can be peach blossoms.

Our saucer peaches are blooming. The saucer peach, as those of us who live here know, is not one of our commercial crops. It does not ship well. But it thrives. We find a few saucer peach trees here and there in family fruit orchards or in city back yards. This delicious fruit, reminds us at blossom time in January and again in June, when it is ready for the table, that California is California. Rather, we find in it assurance that Orange county is Orange county, for it's a fact that the saucer peach grows in only the most favored sections of this our favored state.

LAGUNA BEACH'S ELECTION

The impossible happened at Laguna Beach Tuesday of this week. Not a single vote was cast against a bonding proposal. Other communities will envy the ability of Laguna Beach to get what the community needs without having to beat an opposition at the polls.

Of course, the need at Laguna Beach was vital. It had to have water or cease to grow. Every time a faucet was opened an argument for the bonds poured forth eloquently. But nevertheless, had there not been a fine community spirit ruling the thoughts of men and women at Laguna Beach opposition would have developed, for \$600,000 is quite a lot of money. The vote was 437 for the bonds and 0 against. Laguna Beach might well put those figures on a sign-board at the entrance to this wonderful beach—the beach known as the beach that is different—so the world may know that Laguna Beach solves its problems with a will.

Four hundred and thirty-seven for to nothing against! One repeats the figures and spells them out in admiration of the spirit of Laguna Beach moving forward to its destiny. Surely this vote again marks Laguna Beach as a beach that is different.

REJUVENATION A FAILURE

Sensational surgical systems of rejuvenation, which have aroused so much attention lately, are no good, says Dr. R. M. Oslund of the University of Illinois. He has no special quarrel with Dr. Steinach or any other seeker for the fountain of youth in the realm of surgery, but he doesn't believe their operations bring any lasting benefits.

He is not even sure that the temporary benefits are real, rather than imaginary. He believes the patients who have submitted to gland-grafting and other forms of modern scientific magic, if they were cross-examined, would probably be found no better off than before, and possibly worse off.

This is what level-headed laymen have been disposed to believe all along. It didn't seem possible that there was any glacial substitute for the fabled "elixir of life" supposed to keep men and women alive and young indefinitely. Nature doesn't work that way.

All living creatures, as far as human observation goes, mature, grow old, decline and die. Life can be prolonged, but only within narrow limits. It is probably God's way, as well as Nature's.

FROZEN AVIATORS

Flyers opening Henry Ford's new airline from Detroit to Miami, Fla., were nearly frozen to death in the blizzard they ran into on the first leg of their trip. Pilots and passengers alike suffered severely from the intense cold, freezing their faces, hands and feet.

That sort of thing seems quite unnecessary, in a temperature of even 30 degrees below zero, or any other temperature that flyers are likely to experience. People should be able to keep warm in an airship as easily as in an automobile; and every owner of a snug, closed car with a heater in it knows how easy that is.

There is enough heat developed by an airplane engine to warm a house. It is simply a question of running an exhaust pipe through the car-body, with adequate means of radiation, and having the body properly sealed and insulated against the outer cold. We should soon be able to fly comfortably anywhere, regardless of altitude and season.

TRAVELING THROUGH ETHER

Half of the Einstein theory is said to be knocked out by experimental work done by an American scientist, Professor Dayton C. Miller of Case School of Applied Science.

Einstein based his theorizing on the original experiments of this scientist made 20 years ago with Professor Morley of Western Reserve University, which failed to show any "drift" of the ether. His latest observations, made with better equipment, prove conclusively, he says, that there is an ether drift, and shows its extent. This is big news to thinking men.

The main fact proved by Prof. Miller is simply this, which anyone can understand:

The "ether of space" exists, in spite of attempts made to disprove it in recent years. There is some such mysterious substance as philosophers and scientists have long assumed, which fills all space, pervades the whole universe, in which all material things float and move, and which is the carrier of light, electricity and other vibratory forces.

But there is a modification of the theory. It used to be said that, if the ether existed, it was "perfectly elastic," so that all moving things passed through it without friction, leaving the ether itself undisturbed. Dr. Miller finds that the ether in its motion through space, and presumably all other material things, drag

the ether with them to some extent, as a wire screen sweeping through water drags some of the water.

He proves this by the way our earth's motion through space bends from their straight course light waves from the sun or stars and hastens or retards them according to their direction.

Many conclusions can be drawn, of which these are as interesting as any:

The movement of our solar system through space is far greater than anyone has supposed. The sun has a speed of 12 miles a second with relation to the rest of our universe, but the whole universe itself is moving 120 miles a second.

Whether it is moving, and when will it arrive? Nobody knows that. Will anyone ever know?

Heard Voice from the West

San Bernardino Sun

The West is pleased, judging from the amount of newspaper comment, at the manner in which President Coolidge has listened to the voice of the people in protest against the suggestion that the federal government cease its aid to highway projects.

In his message to congress the President vastly modified the original interpretation of his attitude, as outlined by the "White House spokesman."

From many states had gone up protest against the suggestion of eastern states, and at first viewed with favor by the President, that the federal government should retreat from the policy of extending aid to highways adopted as roads of importance to the entire country.

The West called attention to its financial ability to build transcontinental highways through regions largely made up of government land, and California advanced the theory that if federal aid were withdrawn then congress should cede to the state the vast areas still owned by the government. Much of this land is of little value, that is true, but much of it likewise contains oil from which the government exacts a royalty. If California were to be given the state lands as Texas, for instance, was given them, there would need be no request for federal assistance.

Chairman Toy of the state highway commission ably headed California's forces of opposition against withdrawal of federal aid, for he early recognized the impossibility of such western states as Arizona, Nevada, New Mexico, Utah and others completing transcontinental highways leading to California unless the federal government contributed. And even California would be embarrassed for the only new road construction now possible in this state is on the federal aid system.

Parole Board Totally Unabashed

San Bernardino Sun

Apparently unabashed by the revolt of public opinion in California, Illinois, Texas and other states over the free hand which guides paroles and pardons, the state prison board has decided that Alfred G. Wilson had paid a sufficient penalty for his crime, one of the most brutal in the criminal annals of San Bernardino county, and was freed with others granted "Christmas paroles."

Wilson and a partner hired a rent car driver in San Bernardino to take them to Verdemon and there they beat him almost to death, robbed him and left him for dead. The crime was premeditated even to the extent that they bought a rope in San Bernardino with which to tie their victim.

Prisoners in a cell in which Wilson was confined awaiting his trial cut a hole through the side of the tank and were armed with acid, presumably to be used to blind the jailer should they be discovered in a jail passageway.

So brutal had been the methods of the highwaymen in their robbery, that Judge Curtis, then on the superior court bench, scathingly rebuked their defense as he passed sentence of from one year to life.

Four brief years and a few months have passed and the "Christmas present" to the people of California by the prison board is the release once more among society of a man who committed such a vicious crime. It was not the fault of either Wilson or his companion that they did not kill the rent car driver and had they done so they would very probably have paid the penalty on the gallows, for the evidence against them was conclusive.

This is the type of convict out of the many hundreds in San Quentin selected for a "Christmas parole."

Health Topics

By DR. HUGH CUMMING

Surgeon General, United States Health Service

PHYSICIANS CAN PREVENT DIPHTHERIA
Man was familiar with diphtheria long before the Christian era. The year 1613 was known in Spain as "diphtheria year," and medical history is full of accounts of disastrous epidemics of diphtheria in many parts of the world.

In 1821, a French physician demonstrated the fact that diphtheria was being spread among the troops by the common drinking cup, and he it was who described this disease very carefully, and gave it its present name.

Not much more was learned about diphtheria until 1883 and 1884, when the diphtheria germ, a microscopic plant, was discovered and proven to be the cause of this disease.

Shortly after the discovery of the diphtheria germ it was found that when these germs are grown in the laboratory they produce a poison known as "diphtheria toxin," and that the germs and the toxin can be separated from each other by a process of filtration. This toxin can be made so strong that the hundredth part of a drop is sufficient to kill an average sized guinea pig.

Later it was found that by giving an animal repeated injections of dilute toxin, it would become resistant or immune to diphtheria—in other words, that you could not kill the animal with the disease itself. By further experimentation it was found that the blood serum of an animal so immunized would cure diphtheria in a human being, if given in time.

This specially developed serum is known as "diphtheria antitoxin." It acts by counteracting the effect of the toxin produced by the growth of the germ in the body, or in the throat, to be more exact.

The next step was the discovery of the fact that the giving of antitoxin to persons who had been exposed to diphtheria would prevent their becoming ill of this disease. This protection does not last more than a few weeks, so our scientists went still further, and gave us finally two very wonderful, two very useful measures, namely: the Schick test and toxin-antitoxin immunization.

The Schick test consists of the injection of a few drops of a prepared diphtheria toxin into the skin. The skin is then observed carefully to see whether a characteristic red spot appears where the injection is made. If within two or three days such a spot does not appear the doctor knows that the person is not susceptible to diphtheria. All parents want to know whether or not their children can catch this disease. The Schick test will tell them.

For those on whom the characteristic redness appears and who are therefore known to be liable to diphtheria I would advise a course of protective injections. When toxin-antitoxin is injected into persons who have been shown by the Schick test to be liable to diphtheria an immunity is established whereby they are prevented from catching the disease, even though they may be exposed to it. The protective treatment consists of three small injections. These injections are given a week apart. They are harmless. The protection lasts for years, perhaps throughout life in many cases.

Coals of Fire

"WELL, CAN YOU BEAT THAT?
HERE I'VE BEEN JUST DYING TO
GET AN INVITATION TO A BLOWOUT
LIKE THIS—AND I GET ONE
FROM A PARTY I'M NOT
SPEAKIN' TO!!"

Work and Incentive Way to Right Living

Stockton Independent.

The surest method of retaining youth and prolonging life has been discovered by Dr. Robert Bruce Taylor, principal of Queen's University, Kingston, Canada, who declares that more people are killed by underwork than overwork and that we are kept younger mentally and physically through a sufficient amount of work and interest in life.

The busy people of the world, who put into their task, whatever it be the best that in them lies, will according to Dr. Taylor, "Like Paul finish their course with joy."

And then from quite a different angle comes the recommendation of hard work as the panacea for those ills that make men criminals.

Hard work, with some incentive for reward, according to Robert T. Kent, superintendent of Prison Industries of New York, is the most effective method of reforming criminals. Pointing out that every known method of reformation from the most wanton brutality to nauseating sentimentality had been tried and found wanting, Mr. Kent declared that the cure for most of the troubles that beset the individual or a community is work and so his program is not designed just to keep the prisoners busy, but to teach them the value of work and its rewards and compensations.

Most of the men, the superintendent, have never known what it means to put in eight consecutive hours six days a week, which he says is the main reason why they are in the penitentiary.

Work and some compelling interest in life are necessary to the mental and physical health of all normal people. The lack of an incentive of something to work for, has resulted in many unhappy, aimless existences by people who with the necessary prod of responsibility might have accomplished much.

Whatever one's position he should be responsible for performing some part of the world's work for his own happiness as well as for his obligation to society. The right sort of mental and physical work will add to length of useful living and it is a curative and healing influence for those who have transgressed moral and social laws.

Worth While Verse

DEAR MOTHER OF FRESH THOUGHTS

A flock of sheep that leisurely pass by
One after one; the sound of rain, and bees
Murmuring; the fall of rivers, wind and seas
Smooth fields, white sheets of water and pure sky;
I've thought of all by turns, and still I lie
Sleepless; and soon the small birds' melodies
I must hear, first uttered from my orchard trees,
And the first cuckoo's melancholy cry.
Even thus last night, and two nights more, I lie,
And could not coin thee, Sleep; by any stealth;
So do not let me wear tonight away
Without thee what is all the morning's wealth?
Come, blessed barrier betwixt day and day,
Dear mother of fresh thoughts and joyous health.

—William Wordsworth.

Time To Smile

LIVE AND LET LIVE

For ten years the old man had stood at the street corner grinding out discordant music from his wheezy organ and gathering coppers from passers-by. Then one day quantities of building materials were unloaded across the street and work was started on a big hotel.

The work continued for more than a year, until finally the last window had been polished, the last bit of gilt paint dried and a liveried porter took up his station at the entrance.

"Here!" he said to the organ grinder. "You can't set up that organ in front of our hotel!"

"What d'ye mean?" came the indignant retort. "Ain't I let you put up that 'otel in front of my organ?"—Answers, London.

NATURE STUDY

Willie was just back from the circus. He bounded into the room with a hop, skip and a jump.
"It was great," he cried.
"But what did you learn?" asked his grandmother.
"What did I learn?" he echoed. "Just let me tell you. I earned to eat peanuts with both hands. That's what I learned!"
—Tom Boy's Life.

SNOBBERY IN MOTOR HORNS

"And now, sir," concluded the motor car salesman, "what kind of a horn would you like? Do you care for a good loud blast?"
"No," answered the customer. "I want something that just sneers."—Denver Post.

Little Benny's Note Book

by Lee Page

This afternoon the doorbell rang and I answered it and it was Mrs. Harper, being pops bosses wife, saying, How do do, Benny, is your mother at home?

Yes mam, I sed. And she came in and sat down, saying, Your getting to be quite a big boy, Benny, how do you manage to grow so quickly?

O, I jest wait and grow, I sed. Which I do, and Mrs. Harper sed, That's nice, and how are you getting along at school?

Pretty good, fair, I sed. Ill go and tell ma your heer, I sed.

That's nice Mrs. Harper sed. And I started to go up stairs to tell ma and jest then I herd fire engines sounding as if they was going right past the house. Which they was, and I quick ran out and started to follow them and after I had run about 5 blocks the fire engines started to go pass slow the other way, proving it was a false alarm, being a lucky thing for somebody but not for anybody expecting to see a fire, and jest then I saw Pude Simkins and Leroy Scooter looking disappointed and we all went to the fire house to see them unhitch the horses, and after a while all of a sudden I remembered about Mrs. Harper, thinking, G, good nite, O boy, I better go in Cuzzin Arties house and telephone to ma.

Which I did, saying, Hello is this you ma?

Yes, wats a matter, ware are you? ma sed, and I sed, In at Arties house, have you bin downstairs lately?

Downstairs, wat on erth are you talking about? ma sed, and I sed, Nothing, um Mrs. Harper was down there wen I left the house and I was jest wondering if she still is, I forgot to tell you.

May saying several things and I dont know wet yer Mrs. Harper was still there or not on account of me deciding to stay at Arties for supper and writing this erround there.

IN THE LONG AGO

14 Years Ago Today
From the Register Files

JANUARY 7, 1912.

Building permits for the first week in the new year totaled \$14,565.

The Free Methodist church will begin its Sunday school institute tonight.

Members of the First Congregational church held their annual meeting at which they elected the officers for the coming year.

T. B. Talbert, chairman of the board of supervisors, was arrested for driving 28 miles an hour on North Main street.

The new building for the Tustin drug store has been completed.

Charles F. Ward, superintendent of the Celery Growers' association, suffered a cut hand when a Japanese, with whom Ward had an argument, attempted to knife him.

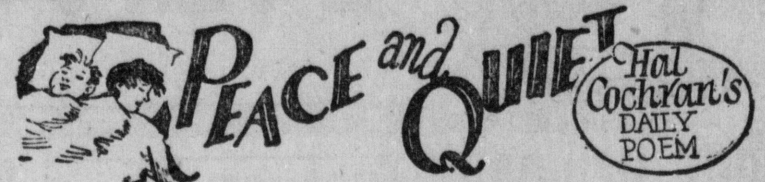

Today's Birthdays

Sir Gordon Howart, the Lord Chief Justice of England, born at Bury, England, 56 years ago today. Viscount Peel, First Commissioner of Works in the Stanley Baldwin government, born 59 years ago today.

Dr. Lotus D. Coffman, president of the University of Minnesota, born at Salem, Ind., 51 years ago today.

One Year Ago Today

A severe earth tremor was felt in eastern Massachusetts and southern New Hampshire.

I'm thinking of the usual type of home in any town, where little folk, with spirit ripe, each day are runnin' roun'. They're chasin' in and out the doors and drivin' mother wild. They're tracking dirt across the floors, like any peppy child.

There's hardly any father who has dodged this sort of thing. They know the brand of bother that the little people bring. There's hardly any mother whom you need to tell the tale. They've lectured Sis and brother, but it's all to no avail.

We simply know that spirit of all youth must have its fling. And dads and mothers hear it—it's a pesky little thing. From early morn till nighttime, there's a boisterous sort of shout. It's bottled up in kiddies, and I guess it must come out.

But, when the day is over, and the tots are tucked in bed; when little ones have said good night, and stories have been read, there endeth, then, the riot, and the house of noise is shorn. The night brings peace and quiet, till the kids wake up at morn.

Teaching Him to Work

Redlands Facts.

The Facts finds in a communication from S. B. Peters of San Bernardino to the Sun of that city an interesting and useful article on the training and education of Mexican children of that community. Of course it applies as much to Redlands, or at least to the extent of the presence here of children of that race.

Thoughtful people are more and more realizing that there are now so many who have come from our neighbor on the south to live here and become a part of our citizen-ship, that we must consider them in our consideration of industrial and social problems. Mr. Peters argues, as this paper has seen fit to do on several occasions, that we need to teach the boys and girls of the Mexican families resident among us that the best part of the education we can and should give them is that of learning to work with their hands. We need the Mexican people here. Already they are furnishing the bulk of our agricultural labor. But if they are to occupy the most useful place possible among us, the girls and boys should be taught that labor suited to them as most desirable, for them as well as for us.

Mr. Peters suggests in his article that there should be such an adjustment of the school curriculum in the Mexican schools as to "meet the practical, immediate needs of children who are not, by temperament nor by inheritance, ready for the useful academic courses."

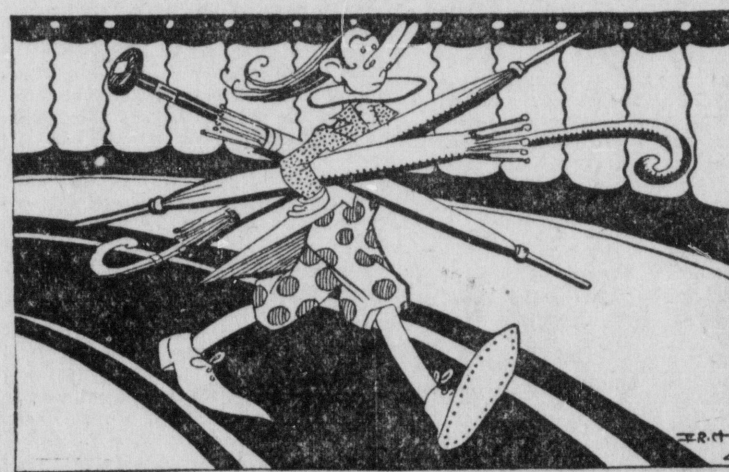

"So it seems that in Mexican schools, training should start very young in sanitation, in ideas of thrift and in work with the hands—the girls in such work as designing and making of clothes and cooking; while the boys will be found apt as well as for us."

"The Mexican is the foundation of a future industrialization of Southern California, in that he furnishes an abundant and efficient supply of labor, sometimes called unskilled. "Anything we can do during their childhood to help them fit into our ever-increasingly complicated machine will be time and money well spent, both for them and for us; whether they become an asset or a liability depends largely on how we train the children so as to develop to the best advantage an ability of no mean possibilities."

ADVENTURES A of the TWINS

by OLIVE ROBERTS BARTON

NO. 22—THE CAT WITH THE SINGED WHISKERS

Ub Glub, the Nib Nob of Nobodys, Lad, spoke thus to the Third Princess:

"Go and get your cat with the singed whiskers at once and bring him to me."

Then he said to the servant with two noses:

"Go and get me a pair of long, sharp scissors and a bunch of catnip."

Then he said to Inch O' Pie and the Twins who were too astonished at all the queer doings to so much as move:

"I shall soon present you with a hair that has three ends. When you get it follow Tweekanose, and place the hair in his path. When he goes to run over it, it will turn into a barbed-wire fence and he can't get past. Then you can catch him."

The Twins were about to express their great joy and delight at this good news, when the man with two noses spoke up. He spoke like a radio announcer, because he had two noses and spoke through both of them.

"If you please, your Royal Nib Nobs, will you have the catnip raw or cooked or dried?"

"It'll not make a cat all," cried Ub Glub. "It's for the cat."

"Very good," said the man, "then I shall send out six of the chief catnip hunters at once, sir!"

And off he went with his ridiculous umbrellas and his two noses under his arm. I mean the umbrellas were under his arm.

When he had gone Nick said, "Where is Nobodys Land, Mister Ub?"

"Nowhere," said Ub Glub and his eyes looked like hot green coals.

"Here's my second cat," said the Princess.

Ub Glub made a grimace. "I'm glad he isn't your hundredth cat," he observed. "Do you think he'd miss a whisker?"

"Miew!" roared Tom. "Mi-ow-er-oo!"

I suppose he meant that he would. Decidedly.
